1001 I Street  
Sacramento, CA 95812

**RE: Agenda Item 08-11-3 Proposed Regulations to Reduce Emissions  
from In-Use On-Road Diesel Vehicles**

Dear Chair Nichols:

The Small School Districts' Association (SSDA) is writing to request that the Air Resources Board (ARB) defer the ARB proposed regulations in Agenda Item 08-11-3. SSDA represents the more than 500 school districts that have 2,500 or fewer students. Most of these districts are in rural California with declining student enrollment, reduced employment and declining property values.

SSDA appreciates the ARB's efforts to replace the oldest, least safe, and most polluting school buses that were manufactured prior to 1977. We were surprised that the \$200 million in Proposition 1B funding will be used to replace only ten of these buses. We are confused that ARB staff determined only ten buses were eligible for replacement funding. We hope this is just the first round, but fear that school districts did not apply because of the required match and reimbursement cap. SSDA opposed those provisions and in this time of economic challenges for school districts, the adopted replacement regulations may have been counter-productive.

Rural, small school districts rely upon home-to-school transportation for students to attend school. Many of our districts are reducing their transportation services because of inadequate state funding for transportation costs. These districts have to choose between keeping teachers and textbooks or maintaining transportation services while they receive less state funding because of declining enrollment. Because there are few regional public transportation services in these rural areas, the result is less school transportation, more single-trip automobile transportation and greater pollution.

Agenda Item 08-11-3 proposed regulations would exacerbate this situation of reduced school transportation. The Item would mandate new costs that will not be funded because there are no funds available for school mandate **reimbursement.**

Copies:

Board Clerk  
Executive Officer  
Chair

This fiscal fact means school districts will have to further reduce school transportation services (meaning layoffs in a recession), if they have to comply with a new costly transportation mandate.

Agenda Item 08-11-3 proposed regulations are counter-productive, just as the bus replacement regulations appear to have been counter-productive.

SSDA opposes Agenda Item 08-11-3 proposed regulations because school transportation state funding has been proposed for cuts by the Legislative Analyst and the Legislature (SB 8XXXX) in the November special session. Schools will face significant current year and budget year operational cuts no matter how the current state fiscal crisis is resolved. The proposed regulations hinder rather than help school districts to meet these fiscal challenges while providing quality education programs.

For these reasons, SSDA recommends the ARB review the Proposition 1B school bus replacement regulations and defer action on Agenda Item 08-11-3 proposed regulations. SSDA believes the proposed regulations need more study in light of the issues raised by the School Transportation Coalition in their December 5, 2008 letter. SSDA further believes no new unfunded mandated costs should be applied on school transportation until there is adequate reimbursement for the home-to-school transportation program.

Enclosed is a computer run highlighting local school encroachment (paid by classroom funds) as a dollar amount per district and as a percent of the districts total revenue limit (classroom discretionary) funds.

Thank you for your consideration.

Sincerely,

David L. Walrath

DLW:ad
