

CalETC Recommendations

1. Additional incentives for PHEVs.
(allow consideration of partial "Gold" credits.)
2. More even treatment of BEVs.
3. Examine impacts of "Credit Glut".
4. Need for regulatory transparency.
5. Maintain AT-PZEV ("silver") volumes.
6. Establish blind credit trading market.
7. Provide more compliance options before you consider reducing the "Gold" volumes.
8. Maintain definition of intermediate volume manufacturers.
