The following Executive Orders for aftermarket catalytic converters have been rescinded or withdrawn. The rescission and withdrawal prohibit the manufacturers, their agents, and any businesses connected with these converters from production, advertisement, offer for sale, sale, and installation of the converters. Distributors of these converters must stop sale and contact the manufacturers for procedures on product return.

Affected converters sold on or before their rescission or withdrawal date, are legal for use and installation in California. Affected converters sold after their rescission or withdrawal date, are not legal for use or installation in California.
