

Zero-Emission Agricultural Utility Terrain Vehicle (Agricultural UTV) Rebate Project Applicant Workshop

Stakeholder Questions and Air Resources Board (ARB) Staff Responses

On November 3, 2009, ARB held an Agricultural UTV Rebate Project Applicant Workshop to answer questions regarding the FY 2009-10 Agricultural UTV Rebate Project Grant Proposal Solicitation (solicitation). This document provides ARB responses to stakeholder questions at the workshop. No questions were received prior to the workshop.

Outreach

Q: What kind or extent of outreach does ARB have in mind?

A: ARB intends for outreach to be statewide and targeted to dealerships and manufacturers as well as consumers. ARB expects the webpage to be an element of the outreach plan, but has left the scope and extent of outreach activities undefined so that the grantee can provide a strategy as part of the proposal.

Grantee Responsibilities

Q: When does the Implementation Manual need to be finalized and whose responsibility is it?

A: The Draft Implementation Manual will be finalized once the grantee is selected. One of the first tasks of the grantee will be to work with ARB to finalize the Implementation Manual. This task should be built into the project timeline.
