

Sahar Kamali

Business Development Manager

Clean Energy Renewable Fuels

Sahar Kamali is the Business Development Manager for Clean Energy Renewables. Ms. Kamali focuses on developing renewable natural gas fueling solutions for transit, municipal and fleet customers, as well as the generation and sale of LCFS credits and RINs that are created as a result of renewable natural gas fuel sales. Ms. Kamali assists fleet operators in developing the tools and resources to effectively evaluate the GHG emissions impact of their operations as well as the economic impact of adopting renewable natural gas in their fleets. Ms. Kamali also assists in the evaluation and development of renewable natural gas production projects that expand Clean Energy's branded RNG vehicle fuel, Redeem. In 2015, Clean Energy sold 50 million gasoline gallon equivalents (GGEs) of Redeem.
