

**Bio – Glen Naylor, BA Sc., P. Eng.
Sr. Technical Advisor
New Flyer Industries**

Glen has a bachelor degree in Mechanical Engineering from the University of Waterloo. He has practiced as a professional engineer in the bus industry for 30 years.

From 2003 to 2012 he was Director of Engineering – New Product Development at New Flyer Industries where he lead the development of New Flyer's next generation transit bus – Xcelsior. Xcelsior is lighter, more fuel efficient, quieter, and more accessible for the physically challenged, and is available a wide range of propulsion systems - clean diesel, diesel electric hybrid, CNG, electric trolley bus, and now Battery Electric with Rapid Charging.

In 2012, Glen transitioned to Sr. Technical Advisor focused on the development of fully electric battery transit buses.
