

On-Road Diesel Retrofit Installers (Rev. 1/18)*

* This list is assembled by the California Air Resources Board with information from manufacturers of Diesel Emissions Control Systems, DECS Installers and other sources. While ARB attempts to keep this list current, it is not responsible for the accuracy of the content. The list includes installers in California and some neighboring states. Check with the manufacturer factory contact directly for comprehensive installer information. • If you wish to become a manufacturer's authorized installer, please contact the manufacturer of your choice. ARB does not approve installers. • If you are a manufacturer or authorized installer and wish to update your contact information on this list, please email 8666DIESEL@ARB.CA.GOV.
