SUBJECT: PUBLIC WORKSHOP TO DISCUSS PROPOSED REGULATION ON
THE PRODUCTION OF HYDROGEN FOR TRANSPORTATION FUEL
AS PRESENTED IN SENATE BILL (SB) 1505 (STATUES 2006)

The Air Resources Board (ARB or the Board) staff invites you to participate in either of the two following workshops that have been scheduled. Development of a proposed regulation enacting requirements on the production of hydrogen as a transportation fuel for use in California will be discussed. The purpose of the workshop is to provide an overview of the statutory requirements and ARB's proposal for implementation, and to generate discussion on how to best implement the requirements of SB 1505.

DATE: September 18, 2007
TIME: 10:00 a.m. to 1:00 p.m.
PLACE: California Air Resources Board Monitoring Laboratory Division
Main Conference Room
1927 13th Street
Sacramento, California 95812

DATE: September 19, 2007
TIME: 10:00 a.m. to 1:00 p.m.
PLACE: California Air Resources Board, Auditorium
9480 Telstar Avenue
El Monte, California 91713

Workshop presentations, handouts and background information will be available at the workshop and on the Environmental Standards for Hydrogen Production website at: <http://www.arb.ca.gov/msprog/hydprod/hydprod.htm> . If you would like to receive notification by email of updates to the Environmental Standards for Hydrogen Production website, please sign up at <http://www.arb.ca.gov/listserv/listserv.php> .

For individuals with sensory disabilities, this document is available in Braille, large print, audiocassette or computer disk. Please contact ARB's Disability Coordinator at (916) 323-4916, or through the California Relay Services at 711, to place your request for disability services. If you are a person with limited English and would like to request

The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption. For a list of simple ways you can reduce demand and cut your energy costs, see our website: <http://www.arb.ca.gov>.
