SUBJECT: DATE CHANGE - PUBLIC WORKSHOP TO DISCUSS PROPOSED
REGULATION ON THE PRODUCTION OF HYDROGEN FOR
TRANSPORTATION FUEL AS PRESENTED IN SENATE BILL 1505
(STATUES 2006)

The Air Resources Board (ARB or the Board) staff invites you to participate in the following scheduled workshop either in person or on the phone. The original workshop meeting scheduled on March 21, 2008, has been rescheduled due to participant conflicts with Good Friday. The workshop concerns the development of a regulation enacting requirements on production of hydrogen as a transportation fuel for use in California. The purpose of this workshop is to discuss methods of reporting requirements and scenarios for meeting the statutory requirements, and to generate discussion on how to best implement the requirements of Senate Bill 1505.

DATE: April 7, 2008
TIME: 10:00 a.m. to 2:00 p.m.
PLACE: California Environmental Protection Agency
Training Room 1 East and West
1001 I Street
Sacramento, California 95812
PHONE: (210) 839-8500 passcode # 38137

Workshop presentations, handouts and background information will be available at the workshop and on the Environmental Standards for Hydrogen Production website at: <http://www.arb.ca.gov/msprog/hydprod/hydprod.htm> ten days prior to the workshop. If you would like to receive notification by email of updates to the Environmental Standards for Hydrogen Production website, please sign up at <http://www.arb.ca.gov/listserv/listserv.php> .

For individuals with sensory disabilities, this document is available in Braille, large print, audiocassette or computer disk. Please contact ARB's Disability Coordinator, at (916) 323-4916, by voice or through the California Relay Services at 711, to place your request for disability services. If you are a person with limited English and would like to request interpreter services to be available at the meeting, please contact ARB's

The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption. For a list of simple ways you can reduce demand and cut your energy costs, see our website: <http://www.arb.ca.gov>.
