Mr. Harry Krug  
Colusa County Air Pollution Control District  
100 Sunrise Boulevard #F  
Colusa, California 95932-3246

Dear Mr. Krug:

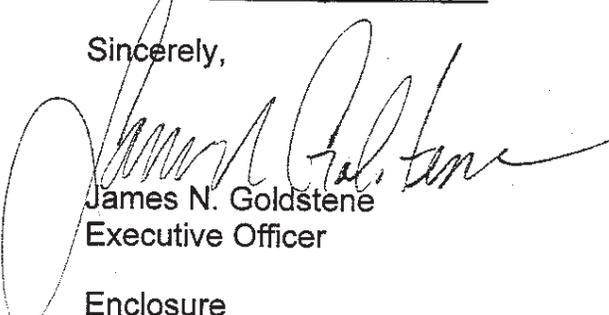

The California Air Resources Board (ARB) recently concluded an audit of the Colusa County Air Pollution Control District's (District) Carl Moyer Memorial Air Quality Standards Attainment Program (Carl Moyer Program). Enclosed is our Rural Audit Report. We found the District is achieving the expected emission reductions and is generally meeting State requirements.

The audit resulted in two findings: (1) work was started on projects before contracts with applicants were fully executed and (2) documentation in project files was missing or inaccurate. The District has mitigated these findings to ARB's satisfaction and no further action is required. The details are in the enclosed Audit Report.

Per the Carl Moyer Program Guidelines, the District has 30 days from the date of this letter to submit comments. After that, ARB's audit report and your written responses will be posted on ARB's and the Governor's website. We encourage you to make this information public within the District.

If you have any questions about the audit, please contact Charles Kersey at (916) 322-6922 or via email at [ckersey@arb.ca.gov](mailto:ckersey@arb.ca.gov), or Robin Myers at (916) 322-6973 or via email at [rmyers@arb.ca.gov](mailto:rmyers@arb.ca.gov).

Sincerely,

  
James N. Goldstone  
Executive Officer
