Dear Mr. Valler:

The California Air Resources Board (ARB) recently concluded an audit of the Feather River Air Quality Management District's (District) Carl Moyer Memorial Air Quality Standards Attainment Program (Carl Moyer Program). Enclosed is our Audit Report. We found that the District's Program is achieving the expected emission reductions and is generally meeting State requirements.

The audit resulted in one finding associated with a project file missing critical documentation. The District has already mitigated this finding to ARB's satisfaction. The details are in the enclosed Audit Report.

Per the Carl Moyer Program Guidelines, the District has 30 days from the date of this letter to submit comments. After that, ARB's audit report and your written responses will be posted on ARB's and the Governor's website. We encourage you to make this information public within the District.

If you have any questions about the audit, please contact Charles Kersey at (916) 322-6922 or via email ckersey@arb.ca.gov, or Gerald Grauman at (916) 322-0404 or via email ggrauman@arb.ca.gov.

Sincerely,

James N. Goldstone
Executive Officer
