Dear Mr. Martin:

The California Air Resources Board (ARB) recently concluded an audit of the North Coast Unified Air Quality Management District's (District) Carl Moyer Memorial Air Quality Standards Attainment Program (Carl Moyer Program). Enclosed is our Audit Report.

We found that the District's Program is achieving the expected emission reductions and is meeting State requirements. Our audit resulted in no findings, reflecting exemplary performance by the District in implementing the Carl Moyer Program.

Per the ARB Carl Moyer Program auditing policies and procedures, the District has 30 days from the date of this letter to submit comments. After that, ARB's audit report and your written responses will be posted on ARB's and the Governor's websites. We encourage you to make this information public within the District.

I congratulate you and your staff on your performance. If you have any questions about the audit, please contact Charles Kersey, Manager, at (916) 322-6922 or via email at [ckersey@arb.ca.gov](mailto:ckersey@arb.ca.gov), or Tim Hartigan, Audit Lead, at (916) 324-0202 or via email at [thartiga@arb.ca.gov](mailto:thartiga@arb.ca.gov).

Sincerely,

James N. Goldstene
