

**AIR POLLUTION
CONTROL DISTRICT**
COUNTY OF SAN LUIS OBISPO

October 29, 2010

James N. Goldstene
California Air Resources Board
1001 I Street
P.O. Box 2815
Sacramento, CA 95812

Dear Mr. Goldstene,

Thank you for sending me the September 30, 2010 report regarding the Air Resources Board (ARB) audit conducted of San Luis Obispo County Air Pollution Control District's (APCD) Carl Moyer and Lower-Emission School Bus Programs.

We are in agreement with the two audit findings and the required actions outlined in the report. As noted in ARB's report, the APCD has addressed Finding 1 completely, and taken Board action necessary to conclude the resolution of Finding 2. We appreciated the opportunity to work with your audit team and we are pleased with the successful findings of the ARB audit.

The APCD works earnestly to secure maximum funding resources for projects located throughout San Luis Obispo County. Grant programs are a critical component to reaching attainment of the health-based air quality standard, and they are a valuable tool as we collaborate with local stakeholders to voluntarily reduce surplus emissions. We look forward to continuing our work with your staff to ensure maximum resources are available and steps are taken to streamline the implementation of these emission reduction incentive programs.

Sincerely,

Larry R. Allen
Air Pollution Control Officer
San Luis Obispo County Air Pollution Control District

CC: Robin Myers, California Air Resources Board
