Dear Mr. Goldstene:

Eastern Kern Air Pollution Control District (EKAPCD) staff would like to thank the California Air Resources Board (ARB) for their comprehensive audit of EKAPCD's Carl Moyer Program (CMP). The professionalism shown by your staff and their willingness to keep an interactive dialogue with EKAPCD staff made the audit process a constructive exercise throughout.

EKAPCD staff is pleased that the CMP audit resulted in no findings or recommendations. However, EKAPCD staff recognizes that there are still improvements that can be made to increase program administration and implementation efficiency, and will strive to make those improvements while continuing to achieve quantifiable emission reductions that meet state requirements.

EKAPCD looks forward to continued success in implementation of the CMP through coordinated efforts with ARB. If you have any questions please contact Jeremiah Cravens or myself at (661) 862-5250.

Sincerely,
