

The Carl Moyer Memorial Air Quality Standards Attainment Program provides incentive grants for cleaner-than-required engines or equipment providing surplus emission reductions. The Carl Moyer Program will be holding the first public workgroup teleconference to discuss retooling changes to the agricultural sources chapter in the program guidelines. Participants may attend either in-person or call-in. If you are planning on attending in person, please RSVP by August 17 at the email below:

Date: **August 24, 2010**
Start time: **1:30 pm**
Location: **Cal/EPA building at 1001 I Street, Sacramento**
Call-in number: **866-917-4579**
Participant passcode: **7167787**

This meeting is scheduled to end at 3:30 pm. However, the meeting may end early if all topics have been fully discussed. If you have any questions about this Agricultural Sources meeting, please contact Ms. Katherine Garrison at 916-322-1522 or kgarriso@arb.ca.gov. An agenda will be posted one week prior to the meeting at <http://www.arb.ca.gov/msprog/moyer/retooling.htm>. This link also contains information about the Moyer program and our retooling effort.
