

# Prop 1B: Good Movement Emission Reduction Program

- Reduce freight emissions & health effects in heavily impacted communities
- Provide accountability and transparency

# Prop 1B: Good Movement Emission Reduction Program

- \$1 billion to achieve early or extra emission reductions from freight movement in trade corridors
- \$750 million appropriated to date
- Cash to implement depends on sale of State bonds

# Funding Categories

- Heavy diesel trucks serving ports & intermodal rail yards
- Other heavy diesel trucks, plus electrification of truck stops, distribution centers, etc.
- Freight locomotives
- Shore power for cargo ships, plus cargo handling equipment
- Commercial harbor craft

# Local Agencies Administering Truck Programs

- Bay Area Air District
- Imperial Air District
- Ports of Los Angeles and Long Beach
- Sacramento Air District
- San Diego Air District
- San Joaquin Valley Air District
- South Coast Air District

# Truck Project Options

- Replacement (scrap old truck)
- Retrofit
- Repower
- 3-way truck transaction
- Grant/loan guarantee

# Old Truck Requirements

- Heavy duty diesel truck (60,001+ gross combined vehicle weight \*)
- Goods movement
- 2 years prior CA registration or CA-IRP
- No outstanding air quality violations

\*under consideration by ARB staff

# New Truck Requirements

- Contract terms include:
  - 100% California-only operation
  - 50% operation in the 4 trade corridors combined
  - 150 visits/year for port and rail yard trucks
  - Annual reporting

# How are projects selected?

- Local agencies solicit applications
- Competitive ranking based on emission reductions and State \$ invested
  - Model year of old truck engine
  - Model year of new truck engine
  - Vehicle miles traveled (previous 2 years)

# What's next?

- Status of funding
  - ARB is pushing this program as a priority for funding as the State restarts the bond process
- Tentative Board milestones
  - March 2009 – Update on incentive programs
  - May 2009 – Revise Program Guidelines
  - Fall 2009 – Make next round of awards to local agencies, with implementation contingent on funding availability
