---

1. Introductions
2. Refinement to Fleet Average Concept
  - Split standards for forklifts and non-forklift LSI
  - Should the fleet average extend long-term? 2015?
  - Recordkeeping and reporting requirements
  - Should there be a phase-in period for a fleet that grows and finds itself in the next size category?
3. Combined Fleet Average / New Engine Certification Standard Concept
  - Should the Fleet Average be a near- and mid-term solution with a mandatory New Engine Certification Standard long-term?
  - How soon after 2007 2.0 g standard?
4. Next retrofit verification protocol subcommittee meeting:  
  
Wednesday  
August 11, 2004  
9:00 a.m. – 11:00 a.m. (Pacific)
5. Next Workshop: <http://www.arb.ca.gov/msprog/mailouts/msc0413/msc0413.pdf>  
  
August 25, 2004, 1:00 – 4:30, El Monte  
August 26, 2004, 9:00 – 12:30, Sacramento  
Early September, Fresno
