

Proposed California Regulation Will Affect Your On-Road Heavy-Duty Diesel Vehicles

What Would it Affect?

- √ Existing trucks, buses, and other vehicles operating in California
- √ International, interstate, and intrastate vehicles
- √ Excludes private-use vehicles with GVWR less than 14,000 pounds
- √ Vehicle owners and sellers

What Would it Require?

- √ Phase-in requirements starting December 31, 2010:
 - Installation of exhaust retrofit devices
 - Replacement with a cleaner engine
 - Replacement with a cleaner vehicle

Let Us Hear From You

- √ Participate now to influence ARB staff's recommendations.
- √ The regulation will be proposed for approval in October 2008.
- √ Call us at 1-866-6DIESEL (1-866-634-3735).
