

**California's Proposed Adoption of Phase 2 Greenhouse Gas Standards and
Potential Amendments to the Tractor-Trailer Greenhouse Gas Regulation**

Feb. 6, 2017

9:30 a.m. – 4:30 p.m.

Sierra Hearing Room

Public Workshop Agenda

Staff plans to propose a California Phase 2 regulation that harmonizes with the federal Phase 2 regulation in structure, timing, and stringency. However, the proposal will include minor differences to facilitate enforcement, align with existing California programs, and provide incentives for manufacturers to bring advanced technologies to the market.
