## In-Use Off-Road Diesel Vehicle Regulation Annual Reporting Forms

## Low-use Vehicles Operated Inside and Outside of California for Year 20 \*

Vehicles that operate both inside and outside of California may meet the Off-Road regulation low-use vehicle definition if they are used less than 200 hours per year in California. This applies to both year-by-year and permanent low-use vehicles. In order to qualify for that definition, the fleet owner must submit a log that contains the following information for each such vehicle:

- (a) Each date the vehicle entered California and the hour meter reading upon entry; and
- (b) Each date the vehicle exited California and the hour meter reading upon exit.

This form is to serve as the log for low-use vehicles used inside and outside of California for a given calendar year, and must be submitted to the Air Resources Board by March 1 (each year that annual reporting is required for a fleet). To submit this log, scan the completed form(s) and email to <a href="mailto:doors@arb.ca.gov">doors@arb.ca.gov</a>, fax to (916) 322-3923, or mail this completed form(s) to:

ATTN: OFF-ROAD DIESEL REPORTING MSCD, Mail Stop 13A Air Resources Board 1001 I Street, P.O. Box 2815 Sacramento, California 95812
