

How to Report Engine Repowers

Repowering off-road diesel vehicles (i.e., replacing older, dirtier engines with newer, cleaner ones) is an important option for fleets complying with the turnover requirements of the In-Use Off-Road Diesel-Fueled Fleets Regulation (Off-Road Regulation). Additionally, the Off-Road Regulation grants early credit for certain repowers performed on or before January 1 of the year prior to the fleet's first required compliance date. For more information, please see our Frequently Asked Questions (FAQs) document on Early Credits at <http://www.arb.ca.gov/msprog/ordiesel/faq/earlycreditfaq.pdf>.

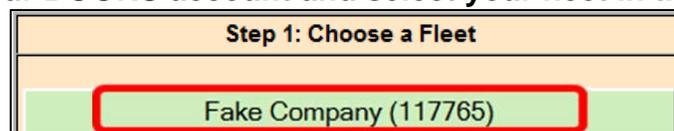

This guide explains how to report vehicles repowered with newer engines.

Reporting Engine Repowers

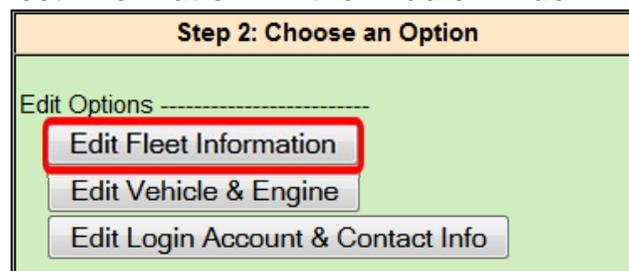

To report an engine repower, you must first report the vehicle information as well as the engine information for the previously installed engine (i.e., the original engine or the removed engine). For more information on how to report your vehicle and engine information, please see our DOORS User Guides on Initial Reporting at <http://www.arb.ca.gov/msprog/ordiesel/documents/doors/reportingonlinescreens.pdf> and Updating Fleet Information at <http://www.arb.ca.gov/msprog/ordiesel/documents/doors/userguide-updatefleetinfo.pdf>.

Once your vehicle has been assigned an Equipment Identification Numbers (EIN), you can proceed to reporting the engine repower, as explained below.

1. Log in to your DOORS account and select your fleet in the left window.

2. Select "Edit Fleet Information" in the middle window.

While this document is intended to assist fleets with their compliance efforts, it does not alter or modify the terms of any ARB regulation, nor does it constitute legal advice. It is the sole responsibility of fleets to ensure compliance with the In-Use Off-Road Diesel-Fueled Fleets Regulation.

3. Select “Engine Repower” at the top of the page.

Owner Information	Vehicle & Engine	Engine Repower	VDECS
Low-Use	Vehicle Funding	Non Standard Engine	Non Diesel Engine
Long-Term Rental			

4. Select “Repower (replace) engine” next to the vehicle that has been repowered.

	Vehicle Information				Engine Information											
	Line #	EIN	Veh Serial #	Your Veh #	Eng Serial #	Eng Manufacturer	Eng Model	Eng Family	Eng MY	Eng HP	Eng Tier	Displacement (liters)	Date Purchase	Date Installed	Non-diesel Engine	Certified to A Different Standard
