

How to View Equipment Identification Numbers (EINs) and Print or Export Vehicle and Engine Data

Introduction

This guide contains instructions on how to view your EINs in DOORS, and how to print or export your reported vehicle and engine data to an excel file. DOORS is an online tool designed to help fleet owners report off-road diesel vehicle inventories and actions taken to reduce vehicle emissions to the California Air Resources Board (CARB), as required by the In-Use Off-Road Diesel Fueled-Fleets Regulation (Off-Road Regulation). When each vehicle is reported in DOORS, CARB assigns it a unique, six-digit EIN. When you report a new vehicle for the first time, the EIN will appear immediately upon entering the vehicle and engine information. You can also manage your fleet by exporting the vehicle and engine data entered into DOORS to Excel for your own use.

Within 30 days of receiving the EIN, the EIN must be placed on your vehicle according to the labeling requirements found in the regulation. These requirements are summarized in the EIN Labeling Frequently Asked Questions (FAQ) document located at <https://www.arb.ca.gov/msprog/ordiesel/faq/faq-labeling.pdf>.

Steps to View your EINs and Print or Export Data Using Online Screens

- A. Log into your DOORS account.
- B. Access the “Print or Export Data” page.
- C. Locate your EINs and view vehicle and engine information on the “Print or Export Data” page.
- D. Print or export vehicle and engine data.

A. Log into your DOORS account

1. Go to https://ssl.arb.ca.gov/ssldoors/doors_reporting/doors_login.html
2. Use your User Name and Password to log into your account.
3. If you have forgotten how to access your account information, you can use the password retrieval option (see screenshot below) or contact the DOORS hotline at (877) 59DOORS (877-593-6677) or doors@arb.ca.gov for assistance.

While this document is intended to assist fleets with their compliance efforts, it does not alter or modify the terms of any CARB regulation, is not a substitute for reading the regulation, nor does it constitute legal advice. It is the sole responsibility of fleets to ensure compliance with the In-Use Off-Road Diesel-Fueled Fleets Regulation.

B. Access the “Print or Export Data” page

1. When looking at the “DOORS Home” page select the desired fleet.

C. Locate your EINs and view vehicle and engine information on the “Print or Export Data” page

- Once the “Print or Export Data” page loads, you will see a table with your fleet’s vehicle and engine information listed.
- The second column on this page is the EIN column. Here, each EIN is listed next to the vehicle and engine information that corresponds to it.
- You may also alphabetically sort the information in the columns by clicking on the column headings in blue.
