

ROAR Reminder to All DOORS Fleets

Email to All DOORS Fleets

Date Sent: January 9, 2018

Subject: Off-Road Regulation - 2018 Annual Reporting and ROAR Reminder

Thank you for utilizing the California Air Resources Board (CARB) online reporting system, DOORS, for the Regulation for In-Use Off-Road Diesel-Fueled Fleets (Off-Road Regulation). CARB is sending this courtesy notification of the upcoming annual reporting deadline to fleets that have reported in DOORS.

ANNUAL REPORTING REQUIRED BY MARCH 1, 2018 FOR ALL FLEETS

To complete annual reporting fleets must:

- Log into DOORS on or after January 1, 2018, and report all changes made to the fleet in 2017, including updated contact information.
- Enter engine hour meter readings for the 2017 calendar year on the “Low-Use” page.
- Report engine hour meter readings for vehicles used for agricultural operations 51-99% of the time [[hardcopy form MSCD ISB-145 \(REV 4/14\)](#)].
- Submit the Responsible Official Affirmation of Reporting (ROAR) form.

Electronic Reporting - Fleets are encouraged to submit their ROAR form electronically in DOORS. The electronic ROAR (e-ROAR) includes a checklist to ensure all required annual reporting information has been submitted. Fleets who submit their e-ROAR will not be subject to the processing time for hardcopy forms and will receive their 2018 Certificate of Reported Compliance on March 1, 2018 through their DOORS account.

Hardcopy Reporting – Fleets who do not complete the e-ROAR must submit the revised ROAR [[hardcopy form MSCD/ORB-143 \(Rev 12/17\)](#)]. This form has been revised to better assist fleets and minimize CARB processing times. CARB will only process forms with a revised date of 12/17, all other forms will be returned to fleets which will delay processing times and may result in late reporting. The ROAR form is available at https://www.arb.ca.gov/msprog/ordiesel/documents/doors/form_roar.pdf.
