- Sacramento Clean Cities Coalition

FREE TECHNICAL CONFERENCE

Diesel Emissions Reduction for Public Agency & Utility Fleets

SAVE THE DATES – Mon., Aug. 15 & Tues., Aug. 16, 2005

The conference will provide an overview of the proposed CARB Public Fleet regulation, available pollution control options, and the use of new lower-polluting technologies for heavy-duty diesel vehicles owned or operated by public agencies and utilities. You will hear:

- Government policymakers discuss potential funding sources.
- Vendors, engine and aftertreatment device installers, and manufacturers present information on how to reduce diesel pollution.
- Fleet managers present their personal experiences with new emission reduction technologies.
- Questions and answers

Engine and aftertreatment device manufacturers will start displaying their exhibits on August 15, 2005 from 6:00 to 9:00 pm. We encourage you to visit these exhibits and participate in a reception the evening of August 15 and we can all have an early start (8:30 am) for the full-day conference on August 16.

There is no charge for attending this conference. Please RSVP by emailing fleet@capcoa.org with your name, telephone number, and affiliation and if you will attend the reception on August 15. Please contact Adewale Oshinuga at (909) 396-2599 for info. on sponsorship and booth space.
