

Course #514: Truck and Bus and Tractor-Trailer GHG Reporting Training

The Truck and Bus Regulation applies to privately and federally owned diesel trucks and buses that operate in California. Requirements for the regulation begin January 1, 2012 and are phased-in annually through January 1, 2023. To take advantage of alternate compliance schedules or other flexibility in the regulation, fleets must report by **January 31, 2012**. In addition, the Tractor-Trailer Greenhouse Gas (GHG) Reduction Regulation applies to 53-foot or longer box-type trailers and the heavy-duty tractors that pull them. To take advantage of the optional small fleet phase-in schedule, small fleets with 20 or fewer 53-foot or longer box-type trailers must report by **July 1, 2012**.

This training will cover:

- The Truck and Bus and Tractor-Trailer GHG Reduction Regulation requirements;
- How to use the automated Truck and Bus Fleet Calculator;
- How to report using the Truck and Bus Reporting System (TRUCRS).
- Presentation pdf: [Course #514: Truck and Bus and Tractor-Trailer GHG Reporting Training](#)

San Joaquin Valley Air Pollution Control District

**January 24th, 2012
9:00 am - 1:00 pm**

**Northern Region Office
4800 Enterprise Way
Modesto, CA 95356**

Video Teleconferenced to the following locations:

Central Region Office
1990 E. Gettysburg Ave.
Fresno, CA 93726

Southern Region Office
34946 Flyover Court
Bakersfield, CA 93308

Registrar: **(916) 323-0027**
