

# GEAR UP, BREATHE EASY

## Heavy-Duty Diesel Owners and Operators Be CARB Compliant for a Healthy California

The California Air Resources Board is actively enforcing heavy-duty diesel vehicle regulations in support of California's clean air goals. Enforcement of clean diesel vehicle rules also provides a level playing field for those who have already done their part.

This packet of material provides basic information and resources to help take the guesswork out of California's clean truck and bus requirements. If your rig does not meet state clean air laws, you could be subject to fines or temporarily lose the ability to operate in California.
