The California Air Resources Board (CARB) enforces air pollution regulations that affect a variety of diesel vehicles and equipment operating in the State. Truck owners and operators, as well as brokers, dispatchers, and fleet managers are responsible for complying with these regulations.

This course reviews the inspection process, discusses the consequences of non-compliance, and explains **how to comply** with the following programs/regulations:

- Heavy-Duty Diesel Vehicle Inspection Program
- Periodic Smoke Inspection Program
- Truck and Bus Regulation (including update on “Good Faith Effort”)
- Transport Refrigeration Units
- Drayage/Port Trucks
- Tractor-Trailer GHG

Registration is required. To Register, please contact
