

# Heavy-Duty Diesel Truck Owners

**Potential changes to smoke  
inspection programs may  
affect you**

*Attend the May 17<sup>th</sup> public  
workshop in Sacramento to  
learn more & provide feedback*

## Workshop Outline

### Current Smoke Inspection Programs

- Heavy-Duty Vehicle Inspection Program (HDVIP)  
Roadside inspection for excessive smoke
- Periodic Smoke Inspection Program (PSIP)  
Annual opacity tests by California fleets of two or more vehicles, and maintain testing records

### Proposed Changes

- Lower opacity limits (to 5% for filter equipped trucks)
- PSIP reporting and smoke tester certification
