**Acknowledgements**

The supporting technical information within this draft Plan and the Appendices were assembled with the assistance of the Western Regional Air Partnership member states and their consultants. Special thanks and appreciation to Tom Moore, Lee Alter, Lee Gribovicz, and Pat Cummins, past and present staff of the Western Governors Association, and to Bob Lebens and Don Arkeil at the Western States Air Resources Council (WESTAR). Assistance from the permit engineers and staff of the air districts in California was invaluable in conducting the extensive review of facility controls, with special recognition to Brenda Cabral at the Bay Area Air Quality Management District. All who contributed to the development of this document made the interactive effort worthwhile.
