**Edmund G. Brown Jr.**  
Governor

March 6, 2014

Mr. Jared Blumenfeld  
Regional Administrator  
Region 9  
U.S. Environmental Agency  
75 Hawthorne Street  
San Francisco, California 94105

Dear Mr. Blumenfeld:

The Air Resources Board (ARB or Board) is submitting to the United States Environmental Protection Agency (U.S. EPA) a revision to the infrastructure portion of California's State Implementation Plan (Infrastructure SIP). The enclosed California Infrastructure SIP revision addresses requirements for several national ambient air quality standards (NAAQS), including 1997 and 2008 ozone standards, 1997, 2006, and 2012 PM<sub>2.5</sub> standards, 2008 lead standard, 2010 nitrogen dioxide standard, and 2010 sulfur dioxide standard.

As required under the federal Clean Air Act (CAA), the Infrastructure SIP addresses the elements set forth in CAA Section 110(a)(2) by documenting California's authorities, resources, and programs to implement, attain, and enforce NAAQSs. The Board approved the Infrastructure SIP (Enclosure 1) at a public meeting on January 23, 2014.

This Infrastructure SIP submittal includes one hard copy and one identical electronic copy of the following materials (enclosed).

1. *California Infrastructure SIP* (Enclosure 1).
2. ARB Resolution 14-1 approving the *California Infrastructure SIP* (Enclosure 2).
3. Public Meeting Notice evidence of the January 23, 2014, Board Meeting to consider approval of the *California Infrastructure SIP* (Enclosure 3).

*The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption. For a list of simple ways you can reduce demand and cut your energy costs, see our website: <http://www.arb.ca.gov>.*
