

Board Resolution:
Resolution # 14-02

Before the Placer County Air Pollution Control District Board of Directors

In the Matter Of: The “Negative Declaration” of “No Sources to Regulate for Volatile Organic Compounds (VOC) or Nitrogen Oxides (NOx)” for sixteen (16) source categories, for which there is Reasonably Available Control Technology (RACT) guidance, and for which there are either no operating sources within the District or no sources with emissions that exceed the RACT guidance threshold; and the submittal of this “Negative Declaration” as a requested revision to the State Implementation Plan (SIP).

The following Resolution was duly passed by the Placer County Air Pollution Control District Board of Directors at a regular meeting held on **February 13, 2014**, by the following vote:

WHEREAS, Section 40001 of the Health and Safety Code of the State of California authorizes the Placer County Air Pollution Control District (District), to adopt and enforce Rules and Regulations to achieve and maintain ambient air quality standards within the District; and

WHEREAS, Section 40702 of the Health and Safety Code of the State of California requires a district to adopt rules and regulations and do such acts as may be necessary or proper to execute the powers and duties granted; and

WHEREAS, portions of the District have been designated as “severe” non-attainment areas for the federal 8-hour ozone standard pursuant to the Federal Clean Air Act Amendments of 1990 (CAAA); and

WHEREAS, the CAAA requires for non-attainment areas the implementation of volatile organic compounds (VOC) and nitrogen oxides (NOx) Reasonably Available Control Technology (RACT) rules covering: (1) all source categories with RACT guidance documents, for which there are applicable sources in the District, and (2) for Major Sources of VOCs and NOx; and

WHEREAS, the Board of Directors of the District has determined in the 2014 RACT SIP Analysis that there are either no sources that operate in the District, or no sources exceed Control Technique Guideline (CTG) RACT Guidance emissions thresholds, in the sixteen (16) source categories of: (1) Aerospace Coatings, (2) Automobile and Light-duty Truck Assembly Coatings, (3) Fiberglass Boat Manufacturing, (4) Dry Cleaning (Petroleum), (5) Flexible Package Printing, (6) Large Appliances Surface Coatings, (7) Magnet Wire, (8) Metal Furniture Coatings, (9) Natural Gas / Gasoline Processing, (10) Paper and Fabric, (11) Paper, Film, and Foil Coatings, (12) Pharmaceutical Products, (13) Refineries, (14) Rubber Tire, (15) Ships/Marine Coating, and (16) Synthetic Organic Chemicals; and

WHEREAS, the Control Technique Guideline (CTG) documents for the sixteen (16) source categories above are listed in Exhibit I; and

WHEREAS, the Board of Directors of the District has determined that the adoption of a “Negative Declaration” for the above specified sixteen (16) specified categories is necessary to comply with requirements of California Health and Safety Code Sections 40001 and 40910, and with Title 1, Part D, Subpart 2, Section 182(b)(2), of the 1990 Federal Clean Air Act Amendments for the submittal of Reasonable Available Control Technology (RACT) rules; and

WHEREAS, the “Negative Declaration” findings are categorically exempt from CEQA pursuant to Title 14, California Administrative Code, Section 15308, as an action by a regulatory agency for the protection of the environment; and

WHEREAS, the public was provided with the opportunity to request a public hearing and no request was made, the notice having been properly made pursuant to the procedures of 40 CFR 51.102(a) and (d), a public hearing is not required; and

WHEREAS, the Board has received and duly considered all evidence that concerns the proposed adoption of the Resolution, and the Board having duly considered such evidence.

NOW THEREFORE BE IT RESOLVED, that this Board approves and adopts this “Negative Declaration” certifying that in the District there are either no sources or no sources that exceed CTG RACT guidance emission thresholds for the following sixteen (16) source categories, and therefore the “Negative Declaration” is made that the requirements of Section 182(b)(2) of the CAAA are not presently applicable to the District:

- 1) Aerospace Coatings
- 2) Automobile and Light-duty Truck Assembly Coatings
- 3) Dry Cleaning (Petroleum)
- 4) Fiberglass Boat Manufacturing
- 5) Flexible Package Printing
- 6) Large Appliances Surface Coatings
- 7) Magnet Wire
- 8) Metal Furniture Coatings
- 9) Natural Gas / Gasoline Processing
- 10) Paper and Fabric
- 11) Paper, Film, and Foil Coatings
- 12) Pharmaceutical Products
- 13) Refineries
- 14) Rubber Tire
- 15) Ships/Marine Coating
- 16) Synthetic Organic Chemicals

BE IT FURTHER RESOLVED, that the Air Pollution Control Officer is hereby authorized and directed to submit this “Negative Declaration” as a requested revision to the State Implementation Plan, in the form required by the California Air Resources Board and the United States Environmental Protection Agency, on behalf of the Placer County Air Pollution Control District.

BE IT FURTHER RESOLVED, each part of this “Negative Declaration” is deemed severable, and in the event that any part of this “Negative Declaration” is held to be invalid, the remainder of this “Negative Declaration” continues in full force and effect.
