Dear Ms. Yoshii:

The Air Resources Board (ARB or Board) is pleased to submit to the U.S. Environmental Protection Agency (U.S. EPA) the 2009 Sacramento Regional 8-Hour Ozone Attainment and Reasonable Further Progress Plan (Plan). The Plan sets out a strategy for attaining the 1997 federal 8-hour ozone standard in the Sacramento Nonattainment Area.

The Sacramento Air District adopted the plan on January 22, 2009, followed by the Feather River Air District on February 2, the El Dorado County Air District on February 10, the Yolo-Solano Air District on February 11, and the Placer County Air District on February 19, 2009. ARB determined that the Plan meets Clean Air Act requirements and approved it on March 26, 2009 as a revision to the California State Implementation Plan (SIP).

Enclosures: This package consists of two hard copies and two electronic copies of each of the documents listed below.

- I) February 9, 2009 letter from Larry Greene, Air Pollution Control Officer of the Sacramento Air District, to James N. Goldstene, ARB Executive Officer, transmitting the following materials:
 - A) The Sacramento Regional 8-Hour Ozone Attainment and Reasonable Further Progress Plan and Appendices.
 - B) Final Environmental Impact Report (EIR) and Notice of Determination.

The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption. For a list of simple ways you can reduce demand and cut your energy costs, see our website: <http://www.arb.ca.gov>.
