

Errata Sheet
March 16, 2017

The following portions of the Staff Report entitled, “ARB Review of the 2016 Air Quality Management Plan for the South Coast Air Basin and Coachella Valley” are corrected as shown below with added language underlined.

- 1) The third bullet on page ES-1 is revised to “Requesting legislative authority to allow the District to require public fleets to replace older heavy-duty on-road vehicles with near-zero and zero-emissions vehicles; and,”
- 2) Text in the second paragraph on page ES-7 is revised to “As noted above, these amendments commit to prepare for Board consideration an indirect source rule for commercial airports, sunset the RECLAIM program, request legislative authority to allow the District to require public fleets to replace older heavy-duty on-road vehicles with near-zero and zero emissions vehicles, and prioritize incentive funding for near-zero heavy-duty truck technologies.”
- 3) Text in the last sentence that begins on page 13 and runs onto page 14 is revised to “Other amendments will request legislative authority to allow the District to require public fleets to replace older heavy-duty on-road vehicles with near-zero and zero emissions vehicles, and prioritize incentive funding for near-zero technologies for heavy-duty trucks to achieve near-term reductions.”
