To: Interested Community Members and Stakeholders:

As a part of its efforts to promote a comprehensive emissions reduction program, the staff of the Air Resources Board (ARB), in cooperation with representatives from Union Pacific Railroad (UP) and BNSF Railway (BNSF), will conduct a second public meeting in Stockton, California. The purpose of this public meeting will be to provide an opportunity for in-depth discussion of the draft railyard health risk assessments and potential mitigation measures for both the UP and BNSF Stockton railyards. An initial meeting was held on June 5, 2007, to present for review and comment the draft railyard health risk assessments for both the UP and BNSF Stockton railyards. The UP Stockton railyard is located at 833 East 8th Street and the BNSF Stockton railyard is located at 720 South "B" Street; both railyards are located near downtown Stockton.

The date, time, and location for the next meeting is listed below:

<u>Date/Time:</u>	<u>Location:</u>	<u>Railyard Covered:</u>
July 12, 2007 6:00 p.m. – 9:00 p.m.	Stribley Community Center 1760 East Sonora Street Stockton, California 95205	UP Stockton (downtown) BNSF Stockton (downtown)

The draft health risk assessments and emission inventories and air dispersion modelling for both the UP and BNSF Stockton railyards can be found on the ARB's railyard website: <http://www.arb.ca.gov/railyard/hra/hra.htm>. This meeting notice is available at: <http://www.arb.ca.gov/railyard/community/community.htm>

The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption. For a list of simple ways you can reduce demand and cut your energy costs, see our website: <http://www.arb.ca.gov>.
