Notice of Decision

Project Title: Amendments to the Vapor Recovery Equipment Defects (VRED) List

Project Location: Statewide

Project Description: Amendments to identify and list defects in vapor recovery equipment that substantially impair the effectiveness of gasoline vapor recovery systems used in motor vehicle refueling operations. Updates to the current Vapor Recovery Equipment Defects (VRED) List includes: (1) inclusion of defects for equipment certified in Executive Orders (EO) since the last amendment to the VRED List (June 17, 2008); (2) new defect verification procedures; and (3) editorial changes to remove minor inconsistencies and improve clarity.

Approved By: Air Resources Board
Executive Order **R-12-003**
Dated: **June 11, 2012**

This notice is to advise that the Air Resources Board (ARB), as the lead agency, has adopted the above described regulatory action on **June 11, 2012** and has determined that the regulatory action will not have a significant adverse effect on the environment (see attached Executive Order **R-12-003**).

In accordance with CEQA and ARB's certified regulatory program, ARB prepared an environmental analysis as part of the Staff Report: Initial Statement of Reasons for Proposed Rulemaking (Staff Report), entitled "Proposed Amendments to the List of Equipment Defects that Substantially Impair the Effectiveness of Gasoline Vapor Recovery Systems."

The Staff Report identified no significant adverse environmental effects, and no comments were received identifying any significant environmental issues pertaining to this item.

No mitigation measures, findings, or statement of overriding considerations were adopted for this regulatory action because the regulation will not have a significant adverse impact on the environment.

The copy of the environmental analysis included in the Staff Report is available at the ARB rulemaking webpage at: <http://www.arb.ca.gov/regact/2011/vrdef11/vaporisor.pdf>
