

State of California  
Environment Protection Agency  
AIR RESOURCES BOARD

**Notice of Decision**

**Project Title:** Amendments to Alternative Fuel Conversion Certification Procedures (SCH# 2013082039)

**Project Location:** Statewide

**Public Meeting Date:** September 26, 2013; Agenda Item #13-8-2

**Project Description:** The amendments would establish streamlined testing and administrative requirements for manufacturers of alternative fuel conversion systems, which are needed to reduce time & costs required to bring conversion systems to market while preserving air emission benefits. The amendments also create a single certification process for certifying an alternative fuels retrofit system.

**Approved By:** Air Resources Board  
Dated: August 8, 2014

This notice is to advise that the Air Resources Board (ARB), as the lead agency, adopted the regulatory action described above on August 08, 2014 (see attached Executive Order R-14-006).

ARB prepared an environmental analysis (EA) in accordance with the requirements of its certified regulatory program under CEQA. (Cal. Code Regs., tit. 14, §15251, subd, (d).) The EA, included in the *Staff Report: Initial Statement of Reasons* prepared for the proposed rulemaking, concluded implementation of the amendments would not result in any significant adverse environmental impacts. No written comments received during the 45-day comment period raised any significant environmental issues pertaining to this item.

The Staff Report identified no significant adverse environmental effects, and no comments were received identifying any significant environmental issues pertaining to this item. No mitigation measures, findings, or statement of overriding considerations were adopted for this project because the project will not have a significant adverse impact on the environment.

The Board approved the amendments for adoption at a public hearing held on September 26, 2013. The Board found, on the basis of the whole record including the EA, no substantial evidence that the amendments will result in any significant adverse impacts on the environment. No mitigation measures, findings, or statement of overriding considerations were adopted for this regulatory action.

The EA included in the Staff Report, and all other regulatory documents, are available on the ARB rulemaking webpage at: <http://www.arb.ca.gov/regact/2013/altfuel2013/altfuel2013.htm>
