Regulatory Action:

NOTICE OF APPROVAL OF REGULATORY ACTION

Government Code Section 11349.3

OAL File No. 2014-1114-06 S

Adopt sections:

Repeal sections:

This action amends reporting requirements in connection with the Cap-and-Trade program. The numerous amendments in this rulemaking action address various specific reporting definitions, measurements, formulas, and other requirements as applied to refinery product data, hydrogen production, petroleum and natural gas systems, fuel suppliers, electric power utilities, legacy contract generators, and natural gas transmission and distribution leaks. The action would also (1) add verification requirements to ensure the quality and completeness of collected data; and (2) improve the clarity and strength of related conflict of interest provisions.

OAL approves this regulatory action pursuant to section 11349.3 of the Government Code. This regulatory action becomes effective on 1/1/2015.

Date: 12/31/2014
