

## **8 Overview of Current Research Efforts**

### **8.4 Data Analysis Complementing Proximate Modeling of Weekday/Weekend Ozone Differences in Southern California - ENVAIR for Coordinating Research Council**

#### **8.4.1 Summary of workplan:**

- 1) Analysis of ambient ozone precursor concentrations:
  - a) all times
  - b) peak ozone hours
- 2) Analysis of ambient ozone concentrations:
  - a) focus on high ozone days
  - b) different portions of distribution
- 3) Analysis of "Extent of Reaction"
- 4) Comparison with modeling

**8.4.2 Final report** (completed October 8, 2000 under Coordinating Research Council, Contract No. A-36A-2).

June 30, 2003
