GRANT PROVISIONS

This Sample Grant Agreement can only be modified by CARB and within CARB's sole discretion. An actual Grant Agreement will align with a project's scope, timeline, budget, and other details. Note, however, that the language in this Sample Grant Agreement is not negotiable and shall not be modified or proposed to be modified by any Applicant, including but not limited to the language in sections J. Oversight and Accountability, K. Project Records, and N. General Provisions.

A. AGREEMENT

This Grant Agreement (Grant, Grant Agreement or Exhibit A) is entered into between the Statewide Planning and Capacity Building Project Administrator (hereinafter referred to as PCB Administrator or Project Administrator) acting on behalf of the California Air Resources Board (hereinafter referred to as CARB, the Grantor, the State, or the Board) and the [Name of Grantee] (hereinafter referred to as the Grantee). The Grantee is a [] [corporation or [INSERT]], with its principal place of business located at [] [INSERT]. Grantor and Grantee are each a Party and together the Parties to this Grant Agreement.

The Grantee agrees to comply with the requirements and conditions set forth in this Grant Agreement, as well as all commitments identified in the Work Statement (as referenced interchangeably, Statement of Work or Exhibit B), Grantee Application Package (Exhibit C), and the Fiscal Year (FY) 2022-23 Planning and Capacity Building (Planning) Request for Applications (RFA) (Exhibit D).

B. GRANT ACKNOWLEDGEMENT

Where applicable, the Grantee agrees to acknowledge the California Climate Investments program and CARB as a funding source for the project, as outlined in the California Climate Investments Messaging and Communications Guide.¹ Below are specific requirements for acknowledgement.

The Grantee agrees to include the California Climate Investments funding boilerplate language and California Climate Investments and CARB logos on all outreach and public facing materials whenever projects funded, in whole or in part by this Agreement, are publicized in any news media, websites, brochures, publications, audiovisuals, or other types of promotional material. Guidelines for the usage of the California Climate Investments logo can be found at <http://www.caclimateinvestments.ca.gov/logo-graphics-request>.

¹ California Climate Investments Communications Guide <http://www.caclimateinvestments.ca.gov/logo-graphics-request>

The acknowledgement must read as follows: '[PROGRAM/PROJECT NAME] is part of California Climate Investments, a statewide initiative that puts billions of Cap-and-Trade dollars to work reducing greenhouse gas emissions, strengthening the economy, and improving public health and the environment — particularly in disadvantaged communities.' And when applicable, the Spanish translation acknowledgement must read as follows: '[NOMBRE DEL PROGRAMA/PROYECTO] forma parte de las Inversiones del Clima de California, una iniciativa estatal que destina miles de millones de dólares de Cap-and-Trade para la reducción de gases de efecto invernadero, fortalecimiento de la economía y mejoramiento de la salud pública y el medio ambiente – especialmente en comunidades en desventaja.'

The California Climate Investments logo and name serves to bring under a single brand the many investments whose funding comes from the Greenhouse Gas Reduction Fund (GGRF). The logo represents a consolidated and coordinated initiative by the State to address climate change by reducing greenhouse gases, while also investing in disadvantaged communities and achieving many other co-benefits.

The Grantee agrees to adhere to the Board's logo usage requirements in a manner directed by CARB. CARB logos shall be provided to the Grantee by the PCB Administrator Liaison. The CARB logo is a visual representation of our air environment. The arcs represent: the different elements that make up the air we breathe, the protection of our atmosphere and the efforts we take to protect the health of Californians, the collaboration of multiple stakeholders all moving in the same direction together, and innovation with the arcs all growing and changing.

No oral understanding or agreement not incorporated in the Grant Agreement is binding on any of the Parties.
3. **Americans with Disabilities Act (ADA) language:** The Grantee must ensure that all products and services submitted to CARB or the PCB Administrator, uploaded, or otherwise provided to or funded by CARB or the PCB Administrator, or offered to or made available to the public by the Grantee and/or by any of its Recipients, including but not limited to data, software, plans, drawings, specifications, reports, operating manuals, notes, and other written or graphic work prepared in the course of performance of this Grant

(collectively, the "Work"), comply with Web Content Accessibility Guidelines 2.0, levels A and AA, and otherwise meet the accessibility requirements set forth in California Government Code Sections 7405 and 11135, Section 202 of the federal Americans with Disabilities Act (42 U.S.C. § 12132), and Section 508 of the federal Rehabilitation Act (29 U.S.C. § 794d) and the regulations promulgated thereunder (36 C.F.R. Part 1194) (collectively, the "Accessibility Requirements"). For any Work provided to CARB or the PCB Administrator in PDF format, the Grantee, along with its Recipients, shall also provide an electronic version in the original electronic format (for example, Microsoft Word or Adobe InDesign).

CARB or the PCB Administrator may request documentation from the Grantee of compliance with the requirements described above and may perform testing to verify compliance. The Grantee agrees to respond to and resolve any complaint brought to its attention regarding accessibility of deliverables provided under this Grant Agreement.

The Grantee must bring into compliance, at no cost to CARB or the PCB Administrator, any Work by the Grantee and its Recipients not meeting the Accessibility Requirements. If the Grantee fails to bring the Work into compliance with the Accessibility Requirements within five (5) business days of issuance of written notice from CARB or the PCB Administrator, or within the time frame specified by CARB or the PCB Administrator in its written notice, then the Grantee will be responsible for all costs incurred by CARB or the PCB Administrator in bringing the Work into compliance with the Accessibility Requirements. The Grantee agrees to respond to and resolve any complaint brought to its attention regarding accessibility of deliverables provided under this Grant Agreement for a period of one year following delivery of the final deliverable under this Grant Agreement.

Deviations from the Accessibility Requirements are permitted only by advance written consent by CARB or the PCB Administrator in each instance.

4. **Assignment:** This Grant is not assignable, either in whole or in part, by the Grantee without the advance written consent of an authorized representative of CARB or the PCB Administrator in the form of a formal fully executed written amendment.
5. **Assurances:** CARB or the PCB Administrator reserves the right, but not the obligation, to seek further written assurances from the Grantee and any of Grantee's employees, agents, officers, Recipients, or affiliates, that the work performed under this Grant Agreement will be performed consistent with the terms and conditions of this Grant Agreement.

6. **Audit:** Grantee agrees that CARB, the California Department of General Services, California Department of Finance, the California State Auditor, the California Bureau of State Audits, and any of their respective designated representatives shall have the right to review and copy any records and supporting documentation pertaining to the performance of this Grant Agreement and all Grant Funds received or expended. Grantee agrees to maintain such records for a possible audit for a minimum of five (5) years from the date of termination, cancellation, or expiration of this Grant Agreement or for 5 years after a funded incentive activity has concluded whichever is later. The Parties may stipulate to a longer records retention period. Grantee agrees to allow such CARB and other state designated representatives (including auditors) access to such records during normal business hours, and to allow interviews of any and all employees, representatives, agents, officers, and Recipients who might reasonably have information related to such records. Furthermore, Grantee agrees to include in all agreements, contracts and subcontracts, language identical to or similar to this paragraph to ensure CARB has the ability and right to audit records and conduct interviews of any and all Recipients in relation to performance or use of the Grant Funds under this Grant Agreement.
7. **Authority:** Each person executing this Grant Agreement on behalf of a Party represents that he or she is duly authorized to execute and deliver this Grant Agreement on the Party's behalf.
8. **Availability of funds:** The Grantee acknowledges, agrees, and understands that the Grantor's obligations under this Grant Agreement are contingent upon the availability of funds. In the event funds are not available, the State shall have no liability and no obligation to pay any funds whatsoever to the Grantee or to furnish any other considerations under this Grant Agreement or for any other reason.
9. **CARB is a Third Party Beneficiary:** Notwithstanding what is stated elsewhere in this Grant Agreement, the Grantor and Grantee both agree and understand that the state of California, acting by and through the California Air Resources Board, is a third party beneficiary to this Grant Agreement, with full right and authority to enforce any and all terms and conditions contained in this Grant.
10. **Compliance with law, regulations, etc.:** The Grantee agrees that it will, at all times, comply with and require its employees, agents, representatives, officers, and Recipients to comply with all applicable federal, state, and local laws, rules, guidelines, regulations, and requirements during the Grant Term.
11. **Confidentiality and data security:** Except as required by applicable law, or as otherwise expressly authorized by this Grant Agreement, the Grantee shall not disclose to any third party any record which CARB has designated as

confidential. If the Grantee believes disclosure of a confidential record may be required under the California Public Records Act (California Government Code Section 6250 et seq.) or other law, the Grantee shall give CARB at least 10 calendar days written notice prior to any planned disclosure and the Grantee shall not object to CARB seeking a court order preventing disclosure. It is expressly understood and agreed that information the Grantee collects on behalf of the Grantor or from a third party in performing its obligations under this Grant Agreement may be deemed confidential by the Grantor. Therefore:

- a. All information or data gathered pursuant to this Grant shall be held confidential accessible only to the Grantee's employees, agents, or contractors as needed to perform the Grantee's obligations under this Grant Agreement and released only to CARB or other entities as CARB may specify in writing unless such disclosure is required by law or legal process.
- b. The Grantee certifies that it has appropriate systems and controls in place to ensure that Grant funds will not be used in the performance of this Grant Agreement for the acquisition, operation or maintenance of computer software in violation of copyright or other intellectual property laws.
- c. Information or data, including but not limited to personally identifiable information (PII) and all application records and supporting documentation that personally identifies or describes an individual or individuals is confidential in accordance with California Civil Code sections 1798, et seq. and other relevant state or federal statutes and regulations. The Grantee shall safeguard all such information, records, applications and data which comes into its possession under this Grant Agreement for a minimum of five years and shall not release or publish any such information without first obtaining in each instance the advance written approval of an authorized representative of CARB. The Grantee shall dispose of such information in accordance with the Grantee's data retention policy and the requirements in this Grant Agreement.
- d. The Grantee must observe complete confidentiality with respect to such information or data collected pursuant to this Grant, including without limitation, agreeing not to disclose or otherwise permit access to such information or data by any person or entity in any manner whatsoever unless such disclosure is required by law or legal process.
- e. Subject to paragraph 1 above, the Grantee must acknowledge the confidential nature of such information and ensure by agreement or otherwise that the Grantee, its employees, Recipients, affiliates, officers, agents, and assigns are prohibited from copying or revealing, for any

purpose whatsoever, the contents of such information or any part thereof, or from taking any action otherwise prohibited under any provision or section of this Grant Agreement.

- f. The Grantee must ensure that the Grantee's employees, and Recipients are informed of the confidential nature of any shared information or data and ensure by written agreement that such individuals and entities are prohibited from (i) copying, revealing, or utilizing such information or data (or any parts thereof) for any purpose other than fulfillment of this Grant and (ii) from taking any action otherwise prohibited under any provision or section of this Grant Agreement.
- g. The Grantee shall limit access to information and data gathered pursuant to this Grant only to necessary employees, agents, and contractors to perform their job duties in fulfillment of the Grant Agreement provisions.
- h. The Grantee must not use such information or any part thereof in the performance of services to others or for the benefit of others in any form whatsoever whether gratuitously or for valuable consideration.
- i. The Grantee must notify the Grantor promptly and in writing of the circumstances surrounding any possession, use or knowledge of such information or any part thereof by any person other than those authorized by this document.
- j. The Grantee must adhere to all CARB confidentiality, disclosure, and privacy policies.
- k. The Grantee must treat all information, deliverables, and work products developed or collected pursuant to this Grant as confidential. All information, deliverables, and work products cannot be disclosed in any form to any third party except for the Sub-applicants designated in Exhibit B, Attachment IV of this Agreement without first obtaining the written consent of an authorized representative of CARB or except as otherwise authorized by this Grant Agreement.
- l. The Grantee must not use, without CARB written approval, any CARB materials, data, information, PII, or documentation for any purpose other than for the sole purpose of performing the Grantee's duties and obligations under this Grant Agreement.
- m. At the conclusion of the engagement or upon termination of this Grant Agreement, the Grantee shall surrender all information in any form developed or collected pursuant to this Grant.

- n. If the Grantee suspects loss or theft, the Grantee must report any lost or stolen information, data, or equipment developed or collected pursuant to this Grant to CARB immediately and to state or federal officials where required by applicable laws.
- o. The Grantee must provide CARB all pass phrases/passwords used for private keys to encrypt data used, produced, or acquired in the course of performing duties under this Grant Agreement.
- p. The Grantee must sign all non-disclosure and confidentiality agreements as provided by CARB and shall require employees, contractors, and subcontractors to do the same when requested by CARB.
- q. The Grantee agrees to notify CARB immediately of any security incident involving the information system, servers, data, or any other information developed or collected pursuant to this Grant. The Grantee agrees that CARB has the right to participate in the investigation of a security incident involving its data or conduct its own independent investigation, and that the Grantee shall cooperate fully in such investigations.
- r. The Grantee agrees that it shall be responsible for all costs incurred by CARB due to a security incident resulting from the acts or omissions of the Grantee or any of its employees, agents, officers, or Recipients, including any acts or omissions resulting in an unauthorized disclosure, release, access, review, or destruction of data or information; or loss, theft, or misuse of information or data developed or gathered pursuant to this Grant. If the Grantee experiences a loss or breach of data, the Grantee shall immediately report the loss or breach to CARB and, where required by applicable law, to state or federal officials. If applicable law requires or if CARB determines that notice to the individuals whose data has been lost or breached is needed, then the Grantee shall provide all such notification and will bear any and all costs associated with the notice or any mitigation selected by CARB. These costs include, but are not limited to, staff time, material costs, postage, media announcements, credit monitoring for impacted individuals, and other identifiable costs associated with the breach or loss of data.
- s. If the Grantee believes disclosure of a confidential record may be required under the California Public Records Act, the Grantee shall first give CARB at least 10 calendar days advance written notice prior to any planned disclosure so that CARB can seek, solely at CARB's discretion, an order preventing disclosure from a court of competent jurisdiction. The Grantee agrees that it shall immediately notify and work cooperatively with CARB to respond timely and correctly to any and all public records requests.

- t. The Grantee shall ensure that confidential, sensitive, and/or PII information shall be encrypted in accordance with California State Administrative Manual 5350.1 and California Statewide Information Management Manual 5305-A.
- u. The Grantee assumes all responsibility and liability for the security and confidentiality of the PII and confidential information under its control.
- v. **RIGHTS TO DATA:** The Grantee acknowledges, accepts, and agrees that, as between the Grantee and the Grantor, all rights, including all intellectual property rights, in and to PII, data, information, documentation, and materials shall remain the exclusive property of the Grantor, and the Grantee has a limited, non-exclusive license to access and use said information as provided to the Grantee solely for performing its obligations under the Grant Agreement. Nothing herein shall be construed to confer any license or right to said PII, data, documentations, materials, or information, including user tracking and exception data, by implication, estoppel, or otherwise, under copyright or other intellectual property rights, to any third party. Unauthorized use of said information by the Grantee or third parties is prohibited. For the purposes of this requirement, the phrase "unauthorized use" means the data mining or processing of data, stored or transmitted by any Grantee or third-party service, for unrelated or commercial purposes, advertising or advertising-related purposes, or for any other purpose other than security or service delivery analysis that is not explicitly authorized by the Grantor.
- w. The Grantee certifies, represents, and warrants that:
 - i. Its data and information security standards, tools, technologies, and procedures are sufficient to protect such information and data;
 - ii. The Grantee is in compliance and shall remain in compliance at all times during the Grant Term with the following requirements and obligations:
 - (1) The California Information Practices Act (Civil Code Sections 1798 et seq.);
 - (2) Current NIST special publications 800-171 Protecting Controlled Unclassified Information in Nonfederal Information Systems and Organizations. Third-party audit results and the Grantee's plan to correct any negative findings shall be made available to the Grantor upon request;
 - (3) Undergo an annual Statement on Standards for

Attestation Engagements (SSAE) No. 16 Service Organization Control (SOC) 2 Type II audit. Third-party audit results and the Grantee's plan to correct any negative findings and implementation progress reports shall be made available to the Grantor upon request; and

- (4) Privacy provisions of the Federal Privacy Act of 1974;
- iii. Compliance with industry standards and guidelines applicable to the work performed under the Grant Agreement. Relevant security provisions may include but are not limited to: Health Insurance Portability and Accountability Act of 1996, IRS 1075, Health Information Technology for Economic and Clinical (HITECH) Act, Criminal Justice Information Services (CJIS) Security Policy, Social Security Administration (SSA) Electronic Information Exchange Security Requirements, and the Payment Card Industry (PCI) Data Security Standard (DSS) as well as their associated Cloud Computing Guidelines.

12. Conflict of interest: Government Code Section 87104 prohibits public officials of CARB, which includes any member, officer, employee, or consultant of a CARB advisory body, from making a formal or informal appearance before, or oral or written communication to CARB for the purpose of influencing a decision by CARB on a grant or other entitlement for use, such as a contract, loan, license, or permit. Prohibited communications include grant applications, letters, emails, phone calls, meetings, or any other form of oral or written communication within or outside of a public committee meeting with CARB, or CARB staff, for the purpose of influencing a CARB decision on an application for funding submitted to CARB. A knowing or willful violation of this section may result in a member being guilty of a misdemeanor and fined up to the greater of \$10,000 or three times the amount of an amount unlawfully received. If a court determines a violation occurred and that the official action might not otherwise have been taken or approved if not for the prohibited communication, the grant may be voided. (See Gov. Code §§ 91000, 91003.)

- a. For this reason, CARB officials, including but not limited to advisory body members, also may not be a signatory or administrator on a grant application, or on any resulting grant agreement. Such individuals should not be listed on the grant application except as necessary to show their role in the organization.
- b. Note that an advisory body member's organization may continue to be eligible for a grant. However, the grant must not follow any communications for purposes of influence by the advisory body member on CARB's decision on that grant agreement. Additionally, that organization would need to identify a different member of the organization to sign or be the administrator for any applications and awarded grants.

- c. Please also note that applications from organizations affiliated with CARB Board members may require additional review and Board approval. Although CARB will make every effort to obtain required review and approval in a timely manner, this may delay grant execution and/or distribution of funds.
- d. The Grantee certifies that it is, and shall remain, in compliance with all applicable State and federal conflict of interest laws during the entire Term of this Grant Agreement. The Grantee will have no interest, and shall not acquire any interest, direct or indirect, which will conflict with its ability to impartially perform under, or complete the tasks described in, this Grant. The Grantee must disclose any direct or indirect financial interest or situation which may pose an actual, apparent, or potential conflict of interest with its duties throughout the Grant Term. CARB may consider the nature and extent of any actual, apparent, or potential conflict of interest in the Grantee's ability to perform the Grant. The Grantee must immediately advise CARB in writing of any potential new conflicts of interest throughout the Grant Term.

13. **Construction:** This Grant Agreement shall not be construed more strongly against either Party regardless of who is more responsible for its preparation.
14. **Cumulative remedies:** The rights and remedies of the Parties to this Grant Agreement, whether pursuant to this Grant Agreement or in accordance with law, shall be construed as cumulative, and the exercise of any single right or remedy shall constitute neither a bar to the exercise of nor the waiver of any other available right or remedy.
15. **Disadvantaged communities:** The Grantee will ensure that the Project and all Recipient projects, will benefit and track disadvantaged communities, as identified by CalEnviroScreen 4.0, if applicable. The identified disadvantaged community census tracts are available at:
<https://oehha.ca.gov/calenviroscreen/report/calenviroscreen-40>.
16. **Disputes:** The Grantee shall continue with the responsibilities under this Grant Agreement during any dispute. Grantee staff or management will work in good faith with CARB or the PCB Administrator staff and management to resolve any disagreements or conflicts arising from implementation of this Grant Agreement. However, any disagreements that cannot be resolved at the management level within 30 days of when the issue is first raised with CARB or the PCB Administrator staff shall be subject to resolution by the CARB Executive Officer, or the Executive Officer's designated representative, in the Executive Officer's sole discretion. Nothing contained in this paragraph is

intended to limit any of the rights or remedies that the Parties may have under law.

17. Electric vehicle charging infrastructure and equipment: Prior to executing written agreements, Grantee must ensure the following requirements are included in all Recipient agreements and or other agreements pursuant to this Grant:

- a. Prior to authorizing work, a Recipient that was awarded funds to install electrical charging equipment for use by on-road transportation vehicles, must require both of the following:
 - i. An AB 841 Certification that certifies the project will comply with all AB 841 (2020) requirements or describes why the AB 841 requirements do not apply to the project. The certification shall be signed by the sub-contractor's authorized representative; and
 - ii. EVITP Certification Numbers of each Electric Vehicle Infrastructure Training Program-certified electrician that will install electric vehicle charging infrastructure or equipment.
- b. Evidence, such as Certification Numbers, is not required to be obtained by Grantee if AB 841 requirements do not apply to a project.
- c. Prior to remitting payment to a Recipient, Grantee is responsible for collecting all AB 841 Certifications, to ensure the project did comply with all AB 841 (2020) requirements and shall retain Certification Numbers in accordance with the Grantee's records retention schedule.
- d. These electric vehicle requirements do not apply to any of the following:
 - i. Electric vehicle charging infrastructure installed by employees of an electrical corporation or local publicly owned electric utility,
 - ii. Electric vehicle charging infrastructure funded by moneys derived from credits generated from the Low Carbon Fuel Standard Program (Sub article 7 (commencing with Section 95480) of Article 4 of Subchapter 10 of Chapter 1 of Division 3 of Title 17 of the California Code of Regulations), and
 - iii. Single-family home residential electric vehicle chargers that can use an existing 208/240-volt outlet.

18. Entitlements and regulatory compliance: The Grantee agrees to comply with all applicable laws, ordinances, regulations, and standards in its performance

under this Grant Agreement, including obtaining, where needed or required by law, any permits or approvals necessary to undertake the activities funded by the Grant Funds, and complying with all environmental review requirements associated with such activities.

19. **Environmental justice:** In the performance of this Grant Agreement, the Grantee shall conduct its programs, policies, and activities that substantially affect human health or the environment in a manner that ensures the fair treatment of people of all races, genders, cultures, and income levels, including minority populations and low-income populations, of the State of California. Equal access includes, but is not limited to, ensuring language barriers are fully addressed to the satisfaction of CARB and as otherwise required by local, state, and federal laws.
20. **Equipment/vehicle ownership:** Equipment, acquired by Grantee or any of Grantee's employees, agents, affiliates, officers, contractors, subcontractors, or representatives, is defined as having a useful life of at least one year from the date of purchase, having an acquisition unit cost of at least \$5,000, and purchased with CARB Grant Funds. Equipment means any products, objects, vehicles, computers, software, hardware, licenses, vessels, engines, machinery, apparatus, implements or tools purchased, used or constructed within the Term. CARB, within its discretion, may elect to determine the normal useful life of such Equipment. All such Equipment is, upon acquisition, the exclusive property of CARB, and shall be used solely for the purposes of carrying out the obligations of this Grant Agreement during the Term. If requested by CARB, the Equipment shall be returned to CARB upon cancellation, termination or expiration of this Grant Agreement, whichever occurs first, and CARB shall solely determine the future use of all Equipment.
21. **Fiscal management systems and accounting standards:** The Grantee agrees that, at a minimum, its fiscal control and accounting procedures will be sufficient to permit tracing of Grant Funds to a level of expenditure adequate to establish that such Grant Funds have not been used in violation of California law or this Grant Agreement. Unless otherwise prohibited by State or local law, the Grantee further agrees that it will maintain separate Project accounts in accordance with generally accepted accounting principles.
 - a. The Grantee shall not commingle Grant Funds with any other accounts, revenues, grants, donations, or funds. Maintain all Grant Funds in a separate bank account designated specifically for the purposes of carrying out the obligations of this Grant Agreement. The bank account must be held in the name of the Grantee (the official nonprofit corporate name, and not a dba), and no other person or entity. Grant Funds are not the assets of the Grantee and shall not be used, obligated, or relied upon for any purposes other than those purposes and uses set out in this

Grant Agreement. Grant Funds shall not be used as collateral for or an obligation to any debt, loan or other commitments of Grantee, its officers, agents, employees, assigns, Recipients, or affiliates. The Grantee shall ensure that the Grantor is designated in writing as a third-party beneficiary of all bank accounts in which Grant Funds are maintained.

22. Force majeure: Neither CARB nor the Grantee are liable for or deemed to be in default for any delay or failure in performance under this Grant Agreement or interruption of services resulting, directly or indirectly, from acts of God, civil unrest, war, fire, flood, earthquakes, or other physical natural disasters. If either Party intends to invoke this clause to excuse or delay performance, the Party invoking the clause must provide written notice to the other Party immediately of the intent to invoke the clause and the reasons why the force majeure event is preventing that Party from, or delaying that Party in, performing its obligations under this Grant Agreement. CARB may terminate this Grant Agreement immediately, in writing without penalty, in the event the Grantee invokes this clause, in which case the Grantee shall immediately return all remaining Grant Funds to CARB or a CARB designee, cease all expenditure of Grant Funds, and turn over all documents, records, deliverables, intellectual property, and other information in relation to this Grant Agreement.

If the Grant Agreement is not terminated by CARB pursuant to this clause, upon completion of the force majeure event, the Grantee must immediately recommence the performance of its obligations under this Grant Agreement. The Grantee must also provide to CARB a written proposal to revise the Project Schedule, inclusive of anticipated major milestones and timeframes for expending remaining Grant Funds, while minimizing the effects of the delay caused by the force majeure event. An event of force majeure does not relieve a Party from liability for an obligation which arose before the occurrence of the force majeure event nor is any Party relieved from those obligations which survive termination or cancellation of the Grant Agreement.

23. Funding prohibitions for sectarian purposes and non-public schools: Recipients may use or authorize the use of CARB-provided funds only in any manner that is consistent with applicable laws, including California Constitution, article XVI, section 5, article IX, section 8, and federal law. CARB reserves the right to obtain additional information from Grantee and others to determine compliance with California Constitution, article XVI, section 5 and article IX, section 8. Failure to provide any requested information may result in denial of Administrative Fees, Grant Funds, future or termination of this Grant Agreement or any other agreements.

24. Governing law and venue: This Grant Agreement is governed by, and shall be interpreted in accordance with, the laws of the State of California. CARB and the Grantee hereby agree that any action arising out of this Grant Agreement

shall be filed and maintained in the Superior Court in and for the County of Sacramento, California, or in the United States District Court in and for the Eastern District of California. The Grantee hereby waives any existing sovereign immunity for the purposes of this Grant Agreement.

- 25. Grantee's responsibility for work:** The Grantee shall be responsible for all work performed pursuant to this Grant Agreement, including but not limited to work performed by any of the Grantee's agents, employees, representatives, affiliates, and Recipients. The Grantee shall be responsible for any and all disputes arising out of its contract for work performed in relation to, as a result of, or as a consequence of this Grant Agreement, including but not limited to payment disputes with employees, representatives, affiliates, and Recipients. CARB and the PCB Administrator will not mediate disputes between the Grantee and any other entity concerning responsibility for performance of work performed pursuant to this Grant Agreement.
- a. All subcontracts must be submitted to CARB or the PCB Administrator upon request for review prior to execution. CARB or the PCB Administrator may also request them during or after the Grant term and the Grantee agrees to provide them within five (5) calendar days. For subcontracts that are listed as "to be determined" in the Budget, the Schedule or elsewhere in any attachment to this Grant Agreement, the Grantee must submit a revised Budget to CARB or the PCB Administrator, identifying the subcontractor and specific items of cost expected to be incurred by that subcontractor, which in each instance shall be subject to advance approval by CARB or the PCB Administrator. In addition, the Grantee must have a fully executed subcontract before the subcontractor can incur any costs for which the Grantee will seek reimbursement.
 - b. The Grantee is required, where feasible, to employ best contracting and procurement practices that promote open competition for all goods and services. Grantee shall obtain price quotes from an adequate number of sources for all subcontracts.
 - c. Upon request, the Grantee will provide CARB or the PCB Administrator a copy of all solicitations for services or products used or needed to carry out the terms of this Grant Agreement, including copies of the proposals or bids received.
 - d. The Grantee is responsible for handling all contractual and administrative issues arising out of or related to any subcontracts it enters into under this Grant Agreement. Nothing contained in this Grant Agreement or otherwise creates any contractual relation between CARB or the PCB Administrator and any subcontractors,

and no subcontract may relieve Grantee of its responsibilities under this Grant Agreement. Grantee is solely liable and responsible for the acts and omissions of its subcontractors or persons directly or indirectly employed by any of them.

- e. The Grantee's obligation to pay its Recipients is an independent obligation from CARB or the PCB Administrator's obligation to make payments to the Grantee. As a result, CARB or the PCB Administrator has no obligation to pay or enforce the payment of any funds to any subcontractor. The Grantee is responsible for establishing and maintaining contractual agreements with and reimbursing each subcontractor for work performed in accordance with the terms of this Grant Agreement.
- f. All subcontracts must, at a minimum, incorporate all of the following:
 - i. A clear and accurate description of the material, products, or services to be procured as well as a detailed budget and timeline.
 - ii. A detailed budget and timeline.
 - iii. Provisions that allow for administrative, contractual, or legal remedies in instances where subcontractors violate or breach contract terms and provide for such sanctions and penalties as may be appropriate.
 - iv. Provisions for termination by the Grantee, including termination procedures and the basis for settlement.
 - v. A statement that further assignments will not be made to any third or subsequent tier subcontractor without additional advance written consent of CARB or the PCB Administrator.
 - vi. Language conforming to all of General Provisions of this Grant Agreement.
- g. Without limiting any of CARB or the PCB Administrator's other remedies, failure to comply with the above requirements is a material breach of this Grant Agreement and grounds for immediate termination.

26. Indemnification: The Grantee agrees to indemnify, defend, and hold harmless the State of California, CARB, and CARB officers, Board members, employees,

agents, representatives, and successors-in-interest against, for and from any and all liabilities, losses, damages, claims, and expenses, including reasonable attorneys' fees, arising out of, resulting from, or related to any actions or inactions of the Grantee or any of its affiliates, employees, officers, agents, Recipients and/or assigns, including but not limited to actions or inactions relating to, arising out of, or resulting from the operation of any equipment, vessels, vehicles, or engines purchased, acquired, developed, modified, or used with Grant Funds, in whole or in part.

27. Independent actor: The Grantee, its agents, employees, affiliates, officers, Recipients, and assigns, if any, in their performance of this Grant Agreement, shall act in an independent capacity and not as officers, employees or agents of CARB or the State of California.

28. Insurance requirements: The Grantee (and the Sub-applicants) must comply with all requirements outlined in the (1) General Provisions and (2) Insurance Requirements outlined below. No payments of Grant Funds will be made under this Grant until and unless the Grantee fully complies with all insurance requirements.

28.1. General Provisions Applying to All Policies:

- a. Coverage Term – Coverage needs to be in force for the complete term of the grant. If insurance is set to expire during the term of the grant, a new certificate must be received by the State at least ten days prior to the expiration of this insurance. Any new insurance must comply with the original Grant terms.
- b. Policy Cancellation or Termination & Notice of Non-Renewal – The Grantee is responsible to notify the State within five business days of any cancellation, non-renewal, or material change that affects required insurance coverage. New certificates of insurance are subject to the approval of the Department of General Services and the Grantee agrees no work or services will be performed prior to obtaining such approval. In the event that the Grantee fails to keep in effect at all times the specified insurance coverage, the State may, in addition to any other remedies it may have, terminate the Grant upon the occurrence of such event, subject to the provisions of the Grant.
- c. Premiums, Assessments, and Deductibles – The Grantee is responsible for any premiums, policy assessments, deductibles, or self-insured retentions contained within their insurance program.
- d. Primary Clause – Any required insurance contained in the Grant shall be primary, and not excess or contributory, to any other insurance carried by

the State.

- e. Insurance Carrier Required Rating – All insurance companies must carry an AM Best rating of at least “A–” with a financial category rating of no lower than VI. If the Grantee is self-insured for a portion or all of its insurance, review of financial information including a letter of credit may be required.
- f. Endorsements – Any required endorsements requested by the State must be physically attached to all requested certificates of insurance and not substituted by referring to such coverage on the certificate of insurance.
- g. Inadequate Insurance – Inadequate or lack of insurance does not negate the Grantee’s obligations under the Grant.
- h. Satisfying a Self-Insured Retention (SIR) – All policies with an SIR shall be endorsed to allow the State to satisfy the SIR or Deductible at the State’s discretion. The State may deduct from any amounts otherwise due to Grantee to fund the SIR/deductible. Policies shall not contain any provision that limits the satisfaction of the SIR / deductible to the Named Insured. The Grantee’s insurer may also eliminate the SIR / deductible in favor of the State’s interests.
- i. Available Coverages/Limits – All coverage and limits available to the Grantee shall also be available and applicable to the State.
- j. Use of Subcontractor – In the case of the Grantee’s utilization of subcontractors to complete the Grant scope of work, the Grantee shall include all subcontractors as insureds under the Grantee’s insurance or supply evidence of the subcontractor’s insurance to the State subject to item N.22.2.a. below.

28.2. Grant Insurance Requirements – The Grantee shall display evidence of the following on a certificate of insurance. Failure to provide the certificate upon request will result in the termination of the Grant. The following coverages must be evidenced on the certificate of insurance and all endorsements required must be attached:

- a. Commercial General Liability – The Grantee and shall maintain general liability on an occurrence form with limits not less than \$1,000,000 per occurrence for bodily injury and property damage liability combined with a \$2,000,000 annual policy aggregate. A “per project aggregate” endorsement is required. The policy shall include coverage for liabilities arising out of premises, operations, independent Grantees, products,

completed operations, personal and advertising injury, and liability assumed under an insured contract or Grant. This insurance shall apply separately to each insured against whom claim is made or suit is brought subject to the Grantee's limit of liability.
