*******Survey questions, Next Page*******

Survey Questionnaire

- 1) Where would you like to see IASC meetings held?
- 2) Do you have a recommendation for discussion or presentation topics?
- 3) Can you recommend speaker(s)?
- 4) How can the IASC Steering Committee better meet the needs of the membership?
- 5) Does IASC still fulfill its purpose and mission?

The following is from the IASC Charter:

Statement of Purpose:

The Interagency Air and Smoke Council is established to provide a forum for air regulators, land managers, and fire managers to get together and talk about air quality and smoke management issues in California.

Mission:

Provide opportunities for communication, coordination, and education needed to develop workable fire management, land management, and air quality strategies.
