

State of California
AIR RESOURCES BOARD

EXECUTIVE ORDER N-18-051

Relating to CARB Approval for an Exemption from Third-Party Certification for Composite Wood Product Manufacturers that use Ultra-low-emitting Formaldehyde Resins under section 93120.3, title 17, California Code of Regulations

Limited Liability Company “SVEZA Uralskiy”

WHEREAS, the California Air Resources Board (CARB) has adopted the “Airborne Toxic Control Measure to Reduce Formaldehyde Emissions from Composite Wood Products” (the “ATCM”; title 17, California Code of Regulations, sections 93120-93120.12), which establishes formaldehyde emission standards for composite wood products;

WHEREAS, section 93120.1(a)(42) of the ATCM defines “ultra-low-emitting formaldehyde (ULEF) resins” to mean “resins formulated such that average formaldehyde emissions are consistently below the Phase 2 emission standards in section 93120.2,” for making hardwood plywood (HWPW), particleboard (PB), medium density fiberboard (MDF), or thin medium density fiberboard (tMDF);

WHEREAS, section 93120.3(d) of the ATCM allows manufacturers of HWPW, PB, MDF, and tMDF who use ULEF resins to apply for written approval from the Executive Officer for an exemption from the requirements of section 93120.3(b) of the ATCM;

WHEREAS, section 93120.3(d) of the ATCM allows manufacturers of HWPW, PB, MDF, and tMDF who use ULEF resins to submit an application for an exemption from the requirements of section 93120.3(b) of the ATCM to the Executive Officer, which includes: (A) a statement indicating which product types will be manufactured using ULEF resins for sale in California; (B) the chemical formulation of the candidate ULEF resin(s), including base resins, scavenger resins, scavenger additives, catalysts, and other additives as used in manufacturing; (C) the name of their CARB-approved third-party certifier (TPC); and (D) data on the emissions performance of the candidate ULEF resin(s);

WHEREAS, the data on emissions performance of the candidate ULEF resin required in section 93120.3(d) of the ATCM must be obtained by working with a CARB-approved TPC, and must include six months of routine quality control testing data, the correlation of the routine quality control testing data to primary or secondary testing data, and the results of two primary or secondary method tests, as required in Appendix 2 of section 93120.12 of the ATCM;

WHEREAS, section 93120.3(d)(2) of the ATCM requires that 90 percent of the six months of routine quality control testing data and the results of two primary or secondary method tests must be shown to be no higher than 0.04 parts per million (ppm), and that all data must be shown to be no higher than 0.05 ppm for HWPW and 0.06 ppm for PB, MDF, and tMDF;

WHEREAS, section 93120.3(d)(5) of the ATCM provides that the Executive Officer shall approve the application and issue an Executive Order if the evidence submitted by the applicant is sufficient to demonstrate that the applicant has met the requirements specified in sections 93120.3(d)(1) and 93120.3(d)(2) of the ATCM;

WHEREAS, Perm Plywood Mill Company, Ltd. (Perm Plywood or the "applicant") submitted an original application that was received on March 15, 2010;

WHEREAS, the original application from Perm Plywood specified the range in product manufacturing parameters, applicable post-press product treatments, base resin trade name(s) and base resin manufacturer(s)/supplier(s), and other ingredients added to the base resin by the applicant to manufacture ULEF hardwood plywood-veneer core (HWPW-VC) products;

WHEREAS, CARB was provided base resin/adhesive information specifying the base resin polymer type and minimum and maximum values of all major and any minor ingredients in the base resin on a percent weight of solids basis;

WHEREAS, the Executive Officer found that the evidence submitted by the applicant meets the criteria specified in sections 93120.3(d)(1), 93120.3(d)(2) and 93120.3(d)(5) of the ATCM;

WHEREAS, the base resins/adhesive supplier, commercial name, and resin type are set forth in Confidential Attachment A;

WHEREAS, the original application from Perm Plywood was deemed complete on April 21, 2010, and Perm Plywood was issued Executive Order N-10-051, signed on May 17, 2010;

WHEREAS, Perm Plywood submitted a request and supplementary documentation to CARB on January 18, 2011, for approval to add an additional product type to Confidential Attachment A;

WHEREAS, the updated application for amendment from Perm Plywood was deemed complete on February 4, 2011, and Perm Plywood was issued Executive Order N-10-051A, signed on March 30, 2011;

WHEREAS, section 93120.3(d) of the ATCM allows ULEF product manufacturers to apply for re-approval by CARB by submitting an updated application;

WHEREAS, Perm Plywood submitted an updated application for re-approval to CARB on May 17, 2012;

WHEREAS, the updated application for re-approval from Perm Plywood was deemed complete on June 8, 2012; and Perm Plywood was issued Executive Order N-12-051, signed on June 12, 2012;

WHEREAS, Perm Plywood submitted a request and supplementary documentation to CARB on January 22, 2013, for approval to add a new base resin to Confidential Attachment A;

WHEREAS, the updated application for amendment from Perm Plywood was deemed complete on February 11, 2013, and Perm Plywood was issued Executive Order N-12-051A, signed on February 15, 2013;

WHEREAS, Perm Plywood submitted an updated application for re-approval to CARB on May 20, 2014;

WHEREAS, the updated application for re-approval from Perm Plywood was deemed complete on July 19, 2014; and Perm Plywood was issued Executive Order N-14-051, signed on June 23, 2014;

WHEREAS, Perm Plywood submitted a request on February 28, 2015, and supplementary documentation to CARB for approval to change their name from "Perm Plywood" to Limited Liability Company "SVEZA Uralskiy" (SVEZA Uralskiy);

WHEREAS, Perm Plywood provided the required information for their name change, and Executive Order N-14-051 was superseded by the Executive Order N-14-051A, signed on April 15, 2015;

WHEREAS, SVEZA Uralskiy submitted a request on July 7, 2015 to CARB for approval to correct a typo in their Executive Order N-14-051A;

WHEREAS, SVEZA Uralskiy provided the required information for the correction, and the updated application for amendment was deemed complete on August 3, 2015, and SVEZA Uralskiy was issued Executive Order N-14-051B, signed on August 10, 2015;

WHEREAS, SVEZA Uralskiy submitted an updated application for re-approval to CARB on April 26, 2016;

WHEREAS, the updated application for re-approval from SVEZA Uralskiy was deemed complete on May 24, 2016; and SVEZA Uralskiy was issued Executive Order N-16-051, signed on June 3, 2016;

WHEREAS, SVEZA Uralskiy submitted a request and supplementary documentation to CARB on January 24, 2017, for approval to change ingredients added by manufacturer (quebracho for carbamide) to Executive Order N-16-051;

WHEREAS, SVEZA Uralskiy provided the required information for the amendment, and the updated application for amendment was deemed complete on February 28, 2017, and SVEZA Uralskiy was issued Executive Order N-16-051A, signed on March 22, 2017;

WHEREAS, SVEZA Uralskiy submitted an updated application for re-approval to CARB on April 26, 2018;

WHEREAS, the updated application for re-approval from SVEZA Uralskiy was deemed complete on May 4, 2018;

WHEREAS, the Executive Officer finds that the completed, updated application demonstrated the ULEF manufacturer's ability to continue to comply with section 93120.3(d); and

WHEREAS, the Executive Officer approved SVEZA Uralskiy's request for re-approval, and it is appropriate that Executive Order N-16-051A be superseded by this Executive Order N-18-051.

NOW, THEREFORE, IT IS ORDERED that SVEZA Uralskiy is hereby approved as a ULEF manufacturer of HWPW-VC that is exempt from the requirements of section 93120.3(b) and Appendix 2 of section 93120.12 of the ATCM, provided that the following terms and conditions are met for products sold, supplied, offered for sale, or manufactured for sale in California:

1. SVEZA Uralskiy must use the commercial resins listed and suppliers listed in Section A of Confidential Attachment A of this Executive Order for the manufacture of ULEF HWPW-VC products.
2. The chemical formulation of the base resins used for the manufacture of ULEF composite wood products by SVEZA Uralskiy must be within the ranges specified in Section B of Confidential Attachment A of this Executive Order.
3. SVEZA Uralskiy is legally responsible for ensuring that the base resin is within the ranges specified in Section B of Confidential Attachment A.
4. The application rate of the base resins used for the manufacture of ULEF composite wood products by SVEZA Uralskiy must be within the ranges specified in Section C of Confidential Attachment A of this Executive Order.

5. Other chemical components of the base resins (such as sizing wax and release wax) used for the manufacture of ULEF HWPW-VC products by SVEZA Uralskiy must be within the ranges specified in Section D of Confidential Attachment A of this Executive Order.
6. The allowable operating parameters for press temperature and press time for the base resins used to manufacture the ULEF HWPW-VC products by SVEZA Uralskiy must be within the ranges specified in Section E of Confidential Attachment A of this Executive Order.
7. Only the composite wood products with the product names listed in Section F of Confidential Attachment A of this Executive Order are authorized under this Executive Order.

BE IT FURTHER ORDERED that this Executive Order N-18-051 supersedes Executive Order N-16-051A, which was signed on March 22, 2017.

BE IT FURTHER ORDERED that SVEZA Uralskiy may change the resin system supplier listed in Section A of Confidential Attachment A of this Executive Order if the new resin supplier supplies the same resin type listed in Confidential Attachment A of this Executive Order, at least two primary or secondary method tests are performed on random samples selected by their CARB-approved TPC, and the Chief of the Risk Reduction Branch of the Transportation and Toxics Division is notified before SVEZA Uralskiy uses the resin for production.

BE IT FURTHER ORDERED that SVEZA Uralskiy must conduct confirmatory testing for a new resin supplier by demonstrating that the results of two primary or secondary method tests for the new resin system supplier are no higher than 0.04 ppm for the ULEF products authorized under this Executive Order.

BE IT FURTHER ORDERED that the Executive Officer may review and, for good cause, modify or revoke this Executive Order as provided in section 93120.3(d)(5) of the ATCM. The Executive Officer shall not modify or revoke this Executive Order without affording the applicant the opportunity for a hearing in accordance with the procedures specified in title 17, California Code of Regulations, section 60055.1 et seq.

BE IT FURTHER ORDERED that this Executive Order shall have a duration of two years from the date this Executive Order is signed; the applicant may apply for re-approval as provided in section 93120.3(d)(5) of the ATCM.

BE IT FURTHER ORDERED that the applicant must maintain records in electronic or hard copy form for two years, for review by CARB upon request, as specified in section 93120.3(g) of the ATCM.

BE IT FURTHER ORDERED that the applicant must notify the Executive Officer in writing within 30 days if there is any change in their product manufacturing parameters or base resin manufacturer(s) or supplier(s) that does not comply with any of the requirements, terms or conditions specified in the ATCM or this Executive Order.

Executed at Sacramento, California this 8th day of June, 2018.

Richard Boyd, Chief
Risk Reduction Branch
Transportation and Toxics Division
