Dear Mr. Berger:

Dayco 7253BVD Flex-Ever Ultimate VR II Inverted Coaxial Vapor Recovery Hose

You requested California Air Resources Board (CARB) certification of the Dayco 7253BVD Flex-Ever Ultimate VR II vacuum assist vapor recovery hose assembly. This hose assembly consists of a 7/8 inch inner diameter outer liquid hose with a 5/16 inch inner diameter vapor hose. The 7253 BVD Flex-Ever Hose is similar to the Dayco 7246 hose certified in Approval Letter 96-23 except for the use of a 7/8 inch outer hose rather than 3/4 inch.

As required by the Certification Procedures for Gasoline Vapor Recovery Systems at Service Stations, the approvals of the three State agencies are a precondition to certification by the Air Resources Board. The appropriate letters of approval have been received and are listed as follows:

Department of Food and Agriculture,
Division of Measurement Standards
January 15, 1998

Department of Occupational Safety and Health
September 3, 1998

Department of Forestry and Fire Protection
Office of the State Fire Marshal
January 12, 1999 005:033:008

I find that the use of Dayco 7253 BVD Flex-Ever Ultimate II VR, when installed in accordance with the manufacture's instructions will not adversely affect the performance of vapor recovery systems on which they are installed. Therefore, Dayco 7253 BVD Flex-Ever Ultimate II VR is certified for use with inverted Phase II vacuum assist vapor recovery systems.

If you have any questions or wish to discuss this matter further, please call Joe Guerrero at (916) 324-7343 or Laura McKinney at (916) 327-1525.

Sincerely,
