In-Station Diagnostics Vapor Recovery Workshop

Dear Sir or Madam:

In March 2000, the Air Resources Board (ARB) approved the Enhanced Vapor Recovery (EVR) regulations, which became effective on April 1, 2001. The EVR regulations require vapor recovery systems to include an In-Station Diagnostic (ISD) system for new installation starting on April 1, 2003 for dispensing facilities with a throughput of 1.8 million gallon per year. Since ISD systems are considered technology-forcing, an ISD Pilot Program was established in 2001 to evaluate the ISD system's performance and cost-effectiveness. The results of the ISD Pilot Program will be presented to the Board at a Technology Review in 2002.

The ARB will hold a workshop at the time and place listed below:

DATE: Wednesday, June 20, 2001

TIME: 1:30 p.m. to 4:30 p.m.

PLACE: California EPA Headquarters
Sierra Hearing Room, 2nd Floor
1001 I Street
Sacramento, California 95814
<http://www.calepa.ca.gov/EPAbldg/Location.htm>.

For the workshop we will provide a status of the ISD pilot program, present data and performance validation results, and solicit comments on draft ISD validation and inspection procedures and approving ISD as a non-system specific component by system type. After June 6, 2001, the meeting agenda will be available for downloading from the ARB's vapor recovery website at www.arb.ca.gov/vapor/whatsnew.htm. You can call Ms. Elizabeth Mongar at (916) 327-0900 if you wish to receive the agenda by mail.

*The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption.
For a list of simple ways you can reduce demand and cut your energy costs, see our Website: <http://www.arb.ca.gov>.*

California Environmental Protection Agency

Dear Sir or Madam:

Page 2

The workshop facility is accessible to persons with disabilities. If accommodations are needed, please contact Ms. Elizabeth Mongar at (916) 327-0900 by June 13, 2001. Persons with hearing or speech impairments can contact us by using our Telephone Device for the Deaf (TDD) at (916) 342-9531, or (800) 700-8326 for TDD calls from outside the Sacramento area.

We invite your participation at the June 20, 2001, workshop. If you cannot attend the workshop and would like to provide comments, or if you have questions regarding this workshop, please contact Mr. Joe Guerrero at (916) 324-9487 or jguerrer@arb.ca.gov or Mr. Tom Scheffelin at (916) 322-8922 or tscheffe@arb.ca.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Will - Loscutoff". The signature is fluid and cursive, with a large loop at the end.

William V. Loscutoff, Chief
Monitoring and Laboratory Division
