

Modification Highlights – Phil-Tite Executive Order VR-101-K

- Legal Language has been updated.
- Exhibit 1, Phil-Tite Phase I Vapor Recovery System Equipment List, was modified. Unique model numbers were added for modified components that are E85 compatible.
 - “(E85/Gas)” was added after the model number to those components that are compatible with standard gasoline blends and E85 gasoline blends.
 - “(Gas)” was added after the model number of components that are only compatible with standard gasoline blends.
 - “(E85)” was added after the model number of components that are only compatible with E85 gasoline blends.
- The Installation, Operation and Maintenance (IOM) Manual has been updated to reflect the additional model numbers and E85 compatibility.
- Header and footer updates to reflect new revision level of the executive order.
- Revisions resultant from CAPCOA review of Executive Order Draft prior to final release.
