Modification Highlights for Executive Orders VR-201-V and VR-202-V

NOTE: Global change for Executive Orders and Installation, Operation, and Maintenance Manuals; changed revision letter from U to V.

Part I: Executive Order

Legal Language:
- Added “whereas” paragraph describing the nature of the amendment request from Franklin Fueling Systems (FFS) to add an alternate Model 900 spout assembly.

Exhibit 5:
- Added two new vapor-to-liquid adaptors, Healy Model 8034-3 and Triangle Part Number 20170329.
- Added new table to step 5 specifying which adaptors can be used with the different nozzle spouts for conducting V/Ls.
- Added new table to step 5 specifying which adaptors can be used with the different surrogate spouts for conducting pre-test and post-test leak checks.
- Removed references to part numbers in Figure 5-1.

Part II: ARB Approved Installation, Operation, and Maintenance Manual (IOM)

IOM 2
- Revised as follows:
  - New table of contents.
  - Nozzle illustration and parts list brought to the front.
  - Added new table in the mini-boot replacement section specifying which mini-boot can be installed on the different spout assemblies.
  - Added new table in the vapor to liquid ratio testing section specifying which adaptors can be used with the different nozzle spouts for conducting V/Ls.
