

**State of California
AIR RESOURCES BOARD**

EXECUTIVE ORDER VR-203-Q

Relating to Certification of Vapor Recovery Systems

**Balance Phase II Enhanced Vapor Recovery (EVR) Systems
Not Including In-Station Diagnostics (ISD)**

WHEREAS, the California Air Resources Board (ARB) has established, pursuant to California Health and Safety Code Sections 25290.1.2, 39600, 39601 and 41954, certification procedures for systems designed for the control of gasoline vapor emissions during motor vehicle fueling operations (Phase II EVR system) in its Certification Procedure for Vapor Recovery Systems at Gasoline Dispensing Facilities (CP-201) as last amended January 9, 2013, incorporated by reference in Title 17, California Code of Regulations, Section 94011;

WHEREAS, CP-201 provides a process for the renewal of Phase II EVR system certifications;

WHEREAS, CP-201 authorizes the Executive Officer to grant an extension of certification, for up to one year, if he or she determines that additional time is necessary to gather and evaluate information to complete the renewal evaluation;

WHEREAS, Executive Order VR-203-P expires on April 1, 2015;

WHEREAS, all provisions, terms and conditions for certification listed in Executive Order VR-203-P and attachments are incorporated by reference herein, except the order that Executive Order VR-203-P shall expire on April 1, 2015, which is hereby superseded;

WHEREAS, Executive Order G-01-032 delegates to the Chief of the Monitoring and Laboratory Division the authority to certify or approve modifications to certified Phase I and Phase II vapor recovery systems for gasoline dispensing facilities; and

WHEREAS, additional time is necessary to gather and evaluate information needed to complete the certification renewal process;

NOW, THEREFORE, IT IS HEREBY ORDERED that to provide the Executive Officer with the necessary time to fully gather and evaluate information to make a determination regarding the renewal certification, the certification granted in Executive Order VR-203-P, as incorporated by reference herein, is extended until April 1, 2016, and shall remain in full force and effect through that date.

IT IS FURTHER ORDERED that Balance Phase II EVR systems certified under Executive Orders VR-203-A through P may remain in use at existing installations up to four years after the expiration date of this Executive Order if the certification is not renewed.

Executed at Sacramento, California, this 27th day of March 2015.

Michael T. Benjamin, Chief
Monitoring and Laboratory Division
