

## **Modification Highlights for Executive Orders VR-203/204 Revision O**

### **Part I: Executive Order**

#### All Exhibits:

- Changed all footers and headers to reference VR-203-O and VR-204-O.

#### Legal Language:

- Page 1, added “whereas” paragraph describing the nature of the amendment request to include the VST reattachable breakaway as an alternate breakaway.

#### Exhibit 1:

- Added VST reattachable breakaway, model VSTA-EVR-SBK (reattachable) to the Breakaway Coupling category on the Hanging Hardware Equipment List #1;
- Added footnote on the VST reattachable breakaway stating “The lower half of the VST reattachable breakaway, identified with a VST logo, cannot be used on the VST non-reattachable or rebuilt breakaways.”; and
- Amended Figure 1A-2 of the VST Hanging Hardware to include a picture of the VST reattachable breakaway and reference to the model number.

#### Exhibit 2:

- Amended item 2 under the Breakaway Couplings section to state that the VST reattachable breakaway can be reconnected following a drive-off and after conducting a visual and functional assessment per the drive-off procedure.

### **Part II: Changes to ARB Approved Installation, Operation, and Maintenance Manuals (IOM)**

#### All Sections

- Changed all footers and headers to reference VR-203-O and VR-204-O.

#### Section 5

- Added reference to the VST reattachable breakaway.

#### Section 9

- Added instructions to install and reconnect the VST reattachable breakaway.
