VR-207-A

EMCO Wheaton Retail Balance Phase II EVR System  
Not Including In-Station Diagnostics (ISD)

## NOTICE:

The **ARB Approved Installation, Operation and Maintenance Manual (IOM) for the VR-207** describes the tools, methods and skill levels required to install the **EMCO Wheaton Retail Balance Phase II EVR System Including the INCON ISD**.

Unless specified otherwise, only skilled technicians that are trained, certified and licensed by EMCO Wheaton Retail (i.e. EMCO Certified Technicians) are able to perform installation, maintenance or repairs of components manufactured by EMCO Wheaton Retail or warranty will be void.

It is the responsibility of each EMCO Certified Technician to be familiar with the current requirements of state, federal, local codes and air district rules and regulations of installation and repair of gasoline dispensing equipment.

It is also the responsibility of each EMCO Certified Technician to be aware of all the manuals, necessary safety precautions, and site requirements to assure a safe and trouble-free installation.

To schedule a training class or to confirm the status of an EMCO Certified Technician, please visit the EMCO Wheaton Retail's website at [www.emcoretail.com](http://www.emcoretail.com) or contact:
